## **General Information On Condominiums**

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

## **Operation of the Condominium Project**

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

### 3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

#### 3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

| Land Court or Bureau of Conveyances | Date of Document  | Document Number |
|-------------------------------------|-------------------|-----------------|
| Bureau of Conveyances               | February 16, 2010 | 2010-023312     |

#### 3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <b><u>Important Notice Regarding Your Deposits</u></b> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p> |

**Material House Bond.** If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

## 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

### 5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.  
(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

(b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed**

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

### **5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change**

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30<sup>th</sup> calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

## **6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT**

1. **NOT A SUBDIVISION.** This is a condominium project which should not be confused with a subdivision. A purchaser of a unit will be conveyed a condominium unit together with an "undivided" interest in the common elements of the project. The entire parcel of land upon which the project is situated is designated as a common element. That portion of the common element which each purchaser has the exclusive right to use is called a limited common element or area, but is not a separate, legally subdivided lot.

2. **MAINTENANCE FEES.** Developer believes that there will be no maintenance fees. This is because all costs of every kind pertaining to each unit and its respective limited common elements, including but not limited to, costs of landscaping, maintenance, repair, replacement and improvement shall be borne entirely by the respective unit owner. Although there is a common element driveway, the Developer believes that the owners would rather treat any repairs to the driveway as a special assessment rather than collect and maintain a reserve fund. All utilities are separately metered. Based on the foregoing, there is no schedule of maintenance fees attached to this Public Report.

3. **RESERVES.** Developer discloses that no "reserve study" was done in accordance with Section 514B-148, Hawaii Revised Statutes.

4. **INSURANCE.** In accordance with Section 514B-143(c), Hawaii Revised Statutes, each owner shall at its own expense obtain and maintain property insurance and name the Association as an additional insured. See Paragraph 16.1 of the Declaration. Prospective purchasers should consult with their own insurance professionals to obtain an estimate for individual property insurance.

5. **HAZARDOUS MATERIALS.** The Developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the units or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Purchaser acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the units, or in, under or around the Project. Because of the possible presence of such substances, Purchaser should have the unit inspected to determine the extent (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the units or in the Project or anything installed or contained therein and Purchaser expressly releases the Developer from any liability to Purchaser if any hazardous materials are discovered.

6. LEAD WARNING STATEMENT. Pursuant to federal law, 42, U.S.C 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."

7. DISCLOSURE REGARDING "AS-IS" SALE. Both Unit 54-071 and Unit 54-071A (the "Unit", or collectively, the "Units") will be conveyed in their present "as is" condition. As used in this paragraph, the terms "Unit", "Units", and/or "subject property" mean all of the property to be conveyed to the Purchaser by the Condominium Unit Deed, including, as applicable, the land and improvements (including, but not limited to, the roof, walls, foundations, soils, plumbing, electrical and mechanical systems, etc.), real property, and personal property (if any). The Purchaser acknowledges, accepts, and agrees that: (1) there may be material facts about the subject property of which the Developer is not aware which qualified experts may be able to discover, and that there may be latent defects, hidden defects, or defects which time may reveal; (2) the Developer shall not be responsible for such material facts (of which the Developer is not aware), or such latent defects, hidden defects, or defects which time may reveal; and (3) that the improvements on the subject property may not conform to current building codes and/or may not have all required building permits. With knowledge of all of the above, and of the conditions disclosed by the Developer, and/or discovered during inspection(s) of the subject property, the Purchaser acknowledges and agrees that the subject property shall be conveyed in its EXISTING "AS IS" CONDITION, WITHOUT WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED (except as to title). WITHOUT LIMITATION, THE DEVELOPER MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, AS TO CONDITION, QUALITY, LATENT DEFECTS, HIDDEN DEFECTS, OR DEFECTS WHICH TIME MAY REVEAL, CONFORMANCE TO BUILDING CODES, EXISTENCE OF REQUIRED BUILDING PERMITS, OR FITNESS FOR ANY USE OR PURPOSE WHATSOEVER. The Purchaser will have the opportunity to inspect the subject property, and shall accept the subject property "AS IS". The Purchaser understands and agrees to give up, waive and relinquish all rights to assert any claim, demand, proceeding or lawsuit of any kind against the Developer and/or real estate agents involved with respect to the condition of the subject property, except for claims which are based upon the Developer's and/or real estate agents concealment of material facts and defects, which those parties are required to disclose by law.

8. CESSPOOL SYSTEM AND LIMITATION ON NUMBER OF BEDROOMS PER UNIT PER SEPTIC TANK SYSTEM. The Project is not serviced by a public sewer system. Instead, Unit 54-071 uses a cesspool located within the limited common element Exclusive Area appurtenant to Unit 54-071, and Unit 54-071A uses two cesspools located within the limited common element Exclusive Area appurtenant to Unit 54-071. Unit 54-071A has an appurtenant perpetual, nonexclusive easements over, under and across the Exclusive Area appurtenant to Unit 54-071 for sewer purposes pursuant to Paragraph 7.1 of the Declaration. The location of the three cesspools is shown on the Condominium Map. Each owner is responsible for maintaining his or her own cesspool.

If, as a condition to redesigning or replacing either Unit as allowed in Section 19.1 of the Declaration, the installation of a septic tank system is required as a condition for approving the redesign or replacement of the Unit, the cost of installing the septic tank system shall be borne by the owner of the Unit seeking the redesign or replacement of his or her Unit (the "Building Owner"). Furthermore, if both Units are required to be serviced by that same septic tank system, the cost to connect both Units to the septic tank system shall also be borne by the Building Owner, unless otherwise agreed to by the Building Owner and the owner of the other Unit (the "Non-Building Owner"). Thereafter, any and all expenses associated with the maintenance of the septic tank system shall be shared equally by the Building Owner and the Non-Building Owner.

The new septic tank system shall be installed within the limited common element Exclusive Area of the Building Owner's Unit, if possible; or, if not possible, within (i) the limited common element Exclusive Area of the Non-Building Owner's Unit, or (ii) partially within both Exclusive Areas, whichever way is the most feasible as determined by an appropriately licensed professional. In the event that the septic tank system needs to be installed within the limited common element Exclusive Area of the Non-Building Owner's Unit or partially within both Exclusive Areas, then the Building Owner shall repair any and all damage to the Non-Building Owner's Exclusive Area caused by the Building Owner's entry and activities in connection with the installation of the new septic tank system.

Hawaii Administrative Rules, Section 11-62-31.1 currently restricts the number of bedrooms served by one individual wastewater system to a total of five (5) bedrooms. Therefore, if both Units are to be serviced by a single wastewater system and subject to the requirements of Section 11-62-31.1, H.A.R., or other applicable governmental restrictions, then Section 19.1 of the Declaration provides that the Building Owner will be restricted to redesigning, improving, renovating, adding to or replacing his or her Unit with a Unit containing no more than two (2) bedrooms. If, at a later date, the Non-Building Owner elects to redesign or replace his or her Unit, then the Non-Building Owner is restricted to redesigning, improving, renovating, adding to or replacing his or her Unit with a Unit containing no more than three (3) bedrooms. Prospective purchasers are encouraged to carefully review Section 19.1 of the Declaration and to consult with legal counsel, architects and/or engineers, and the appropriate governmental agencies regarding the implications of the restrictions and provisions that pertain to the Units and the Project.

**The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.**

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

## EXHIBIT "C"

### Permitted Alterations to Units

The following are provisions from the Declaration pertaining to alterations of the units in the Project.

1. Paragraph 19.1 of the Declaration provides that:

19.1 Changes to Units. Notwithstanding anything to the contrary contained in this Declaration, a Unit Owner, with the consent by the holder of any mortgage affecting the Owner's Unit (if required by such mortgage), shall have the right at his sole option at any time and from time to time without the consent of any other person, to improve, renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to or in his Unit or portions thereof or to make or build improvements upon the Exclusive Area appurtenant to the Unit (collectively, the foregoing are referred to "changes") subject to the following conditions:

(i) All changes shall conform with applicable City and County building, zoning laws and ordinances (including, but not limited to setback requirements) and applicable State law. The dashed line on the Condominium Map delineating the respective Exclusive Areas shall be treated as property boundary lines for the purpose of determining applicable setback requirements.

(ii) All changes to a Unit must be made within the Exclusive Area which is appurtenant to the Unit; provided, however, that no structure as defined under the LUO shall be constructed or placed within five (5) feet of any boundary line separating two Exclusive Areas.

(iii) No change to a Unit will be made if the effect of such change would be to exceed the Unit's proportionate share of the allowable floor area or building area coverage for the Land, or number of dwelling units, as defined by the LUO in effect when the change is to be made; provided, however, that each Unit shall be permitted to have only one dwelling unit as defined under the LUO. The "proportionate share" for each Unit shall be the same as its common interest in the Land.

(iv) All such changes shall be at the expense of the Owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere with the other owner's use of his Unit or its appurtenant Exclusive Area.

(v) During the entire course of such construction, the Owner making such change will cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. The Association shall be named as an additional insured and, upon the request of the Association, evidence of such insurance shall be deposited with the Association or its Managing Agent, if any;

(vi) The Owner of the changed Unit shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Unit affected by such change for electricity, sewer, and other utilities and services and when applicable, to add, delete, relocate, realign, designate, and grant easement and rights-of-way over, under, and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by the other Owner;

(vii) If the consent to the change or joinder of another Owner is required by the Act, then each owner hereby consents in advance to such change.

(viii) Each and every conveyance, lease and mortgage or other lien made or created on any Unit and all common interests and other appurtenances thereto shall be subject to the

provisions of this paragraph and any lease of a Exclusive Area shall reserve to each owner the rights set forth in this paragraph.

(ix) If, as a condition to the change, the installation of a septic tank system is required as a condition for approving the change, the cost of installing the septic tank system shall be borne by the Owner making the change (the "Building Owner"). Furthermore, if both Units are required to be serviced by that same septic tank system, the cost to connect both Units to the septic tank system shall also be borne by the Building Owner, unless otherwise agreed to by the Building Owner and the owner of the other Unit (the "Non-Building Owner"). Thereafter, any and all expenses associated with the maintenance of the septic tank system shall be a common expense as provided in Section 15 herein, and shall be shared by the Owners in accordance with their respective common interest.

The new septic tank system shall be installed within the Exclusive Area of the Building Owner's Unit, if possible; or, if not possible, within (i) the Exclusive Area of the Non-Building Owner's Unit, or (ii) partially within both Exclusive Areas, whichever way is the most feasible as determined by an appropriately licensed professional. In the event that the septic tank system needs to be installed within the Exclusive Area of the Non-Building Owner's Unit or partially within both Exclusive Areas, then the Building Owner shall repair any and all damage to the Non-Building Owner's Exclusive Area caused by the Building Owner's entry and activities in connection with the installation of the new septic tank system.

If both Units are to be serviced by a single wastewater system and any laws or regulations restrict the number of bedrooms served by one individual wastewater system to a total of five (5) bedrooms, then the Building Owner will be restricted to redesigning, improving, renovating, adding to or replacing his or her Unit with a Unit containing no more than two (2) bedrooms. If, at a later date, the Non-Building Owner elects to redesign or replace his or her Unit, then the Non-Building Owner is restricted to redesigning, improving, renovating, adding to or replacing his or her Unit with a Unit containing no more than three (3) bedrooms.

2. Paragraph 20.4 of the Declaration provides that:

20.4 Amendments for Changes to Units. Notwithstanding the foregoing, an Owner shall have the right without the consent or joinder of any other person to amend this Declaration and the Condominium Map to reflect the changes made to his Unit in accordance with Paragraph 19.1 or Paragraph 19.2 of this Declaration. Promptly upon completion of such changes, the Unit Owner shall duly record with the Recording Office an amendment to this Declaration and to the Condominium Map, together with a complete set of the floor plans of the Project as so altered, certified as built by a licensed architect, engineer, or surveyor. All existing Unit Owners and all future Unit Owners and their mortgagees, by accepting an interest in a Unit, shall be deemed to have given each Unit Owner a Power of Attorney to execute an amendment to the Declaration solely for the purpose of describing the changes to his respective Unit on the Declaration so that each Unit Owner shall hereafter have a Power of Attorney from all the other Unit Owners to execute such Amendment to the Declaration. This Power of Attorney shall be deemed coupled with each Owner's interest in his Unit (including its appurtenant common interest) and shall be irrevocable.

**Description of Limited Common Elements**

The limited common elements include the following located within the Project:

1. The limited common elements so set aside and reserved for the exclusive use of Unit 54-071 are as follows:

(a) The site on which Unit 54-071 is located, consisting of the land beneath and immediately adjacent to Unit 54-071 (including any yard areas, landscaping, driveways, parking stalls, cesspools, walkways, access areas, and fences and/or walls surrounding said portion of land), as shown and delineated on the Condominium Map (including the airspace above such site), is for the exclusive benefit of Unit 54-071. Dear Mr. Nervell:

Subject: Condominium Conversion Project  
54-071 Waikulama Street  
Tax Map Key: 5-4-016: 011

This is in response to your letter dated June 17, 2009, requesting verification that the structures on the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the two one-story single-family detached dwellings with four all-weather-surface off-street parking spaces met all applicable code requirements when they were constructed in 1969 on this 11,015-square-foot R-5 Residential-District-zoned lot.

For your information, the Department of Planning and Permitting cannot determine all legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

No variances or other permits were granted to allow deviations from any applicable codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create separate lots of record for subdivision and zoning purposes.
