The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; or (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

This is a CONDOMINIUM PROJECT, **not** a subdivision. There are County restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the Purchaser is buying an existing residential dwelling, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE IS ALSO NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. PRIOR TO PURCHASE, THE PROSPECTIVE PURCHASER IS ADVISED TO REVIEW THIS CONDOMINIUM PROJECT WITH THE RESPECTIVE KAUAI COUNTY PLANNING OFFICES TO RECEIVE THE MOST RECENT DIRECTIVES CONCERNING DEVELOPMENT, REPLACEMENT, EXPANSION, OR CONSTRUCTION OF ANY TYPE OF STRUCTURE FOR THIS CONDOMINIUM PROJECT IN THE FUTURE.

1. There are presently two (2) residential dwellings and one spatial unit on the property, both of which may be defined as an "apartment" under the condominium property act.

2. This public report does **not** constitute an approval of the project by the Real Estate Commission or any other governmental agency, nor does it warrant that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.

3. The land area beneath and immediately appurtenant to each unit is designated a LIMITED COMMON ELEMENT and is not a legally subdivided lot. The dotted lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.

4. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not be provided, and services such as County street maintenance and trash collection will not be available for interior roads and driveways.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the uses, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

Conforming/Non-Conforming Uses, Structures and Lots

Under present zoning requirements, limitations may apply to extending, enlarging or continuing the non-conformity and to altering and repairing non-conforming structures. In some cases, a non-conforming structure that is destroyed or damages cannot be reconstructed. If a variance has been granted or if uses, structures or lots are either non-conforming or illegal, the purchaser should consult with county zoning authorities as to possible limitations that may apply in situations such as those described above. A purchaser may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure or lot.

These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.	
[ ]	There are no blanket liens affecting title to the individual units.
[X]	There are blanket liens that may affect title to the individual units.

Type of Lien	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
Mortgage	Lender has priority over Buyer's rights under a sales contract, and has a right to terminate sales contracts upon foreclosure of its mortgage before an apartment sale is closed. Should the lender terminate Buyer's sales contract, Buyer shall be entitled to a refund of all deposits, less escrow cancellation fee.

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:
Building and Other Improvements: N/A
Appliances: N/A

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

Status of Construction: Unit A was completed in 2004. Unit B was completed in 2001. Unit B-1 was completed in 2001. Unit B-2 was completed in 2001.
Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.
Completion Deadline for any unit not yet constructed, as set forth in the sales contract:
Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

[X]	The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. *If this box is checked, Section 5.6.2, which follows below, will not be applicable to the project.*

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):	
[ ]	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
[ ]	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

Box A [ ]	The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report. If Box A is checked, you should read and carefully consider the following notice, which is required by law: **Important Notice Regarding Your Deposits: Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.**
Box B [ ]	The Developer has **not** submitted all information and documents required by law the the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits. If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the **Important Notice Regarding Your Deposits** set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, **you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment**. (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report. You should understand that, although the **Important Notice Regarding Your Deposits** set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as item 5, if any, and are being delivered to you with this report.	
1.	**Developer's Public Report**
2.	**Declaration of Condominium Property Regime (and any amendments)**
3.	**Bylaws of the Association of Unit Owners (and any amendments)**
4.	**Condominium Map (and any amendments)**

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). It if is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

(b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of $250.

5.8.2 Right to Cancel a Sales Contract If Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline; and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchaser, up to a maximum of $250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly", substantially and adversely affects the use or value of (1) a purchaser's unit, or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

(1) Checking the waiver box on the rescission form; or

(2) Letting the 30-day rescission period expire, without taking any action to rescind; or

(3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchaser's received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

   In order for any purchaser to obtain a building permit to construct a single family residential unit (farm dwelling), the County of Kauai will require the purchase to sign a Farm Dwelling Agreement in the form attached hereto as Exhibit "I".

   In addition, Section K.2. of the Declaration imposes a duty of each unit owner to bear an equal burden proportionate to the unit owner's respective appurtenant interest in the common area for the cost of maintaining agricultural activities on the Project that are satisfactory to the Planning Department of the County of Kauai and that will allow the issuance of a Farm Dwelling Agreement and corresponding building permit to all of the units with the Project. An assessment may be made in the future but, the Developer is unable to provide an estimate as to when or the amount of any future assessment. The Project's percentage of these assessments is 30% whenever such assessments are made.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

Provided that the unit owner satisfies the applicable terms and conditions of the Project Documents (including the restriction that the owner of Unit C shall not be entitled to construct a condominium house or guest house his Unit C) and the unit owner obtains the necessary governmental permits each unit owner shall have the right at his sole option at any time and from time to time, as hereinafter set forth, without the consent and/or approval of the owner of any other unit or any other persons or entity (unless such consent is required by any governmental agency, in which case it shall be promptly given), to construct, reconstruct, repair, maintain, improve, renovate, remodel, make additions to, enlarge, remove, replace, alter, restore or use the improvements to or in his unit or portions thereof or upon or within any limited common elements or easements appurtenant to his unit (collectively, the foregoing are referred to as "alterations"). Each unit owner who makes such alterations (hereinafter referred to as the "Altering Owner") shall have the right without the consent or joinder of any other person to amend this declaration and the Condominium Map to accomplish any such alterations. If required by the Act, promptly upon completion of such alterations the Altering Owner shall duly record such amendment to this declaration in the Bureau of Conveyances, together with a complete set of the floor plans of such unit as so altered, certified by a registered architect or professional engineer to fully and accurately depict the altered portions of the property as built. All existing unit owners and all future unit owners and their mortgagees, by accepting an interest in a unit, consent to all such alterations and agree to give and shall be deemed to have given the Altering Owner a power of attorney to execute an amendment to the declaration solely for the purpose of describing the alterations to such unit in the declaration so that the Altering Owner shall hereafter have a power of attorney from all the other unit owners to execute such amendment to the declaration. This power of attorney shall be deemed coupled with each owner's interest in his unit (including his common interest) and shall be irrevocable. If, despite the provisions of this paragraph, any governmental agency shall require some or all of the owners of units in the Project (other than the Altering Owner) to sign the necessary governmental permit application or related documents, then all of the other unit owners shall be required to sign any such permit applications or related documents (including authorizations allowing the Altering Owner to sign such governmental permits on behalf of such other owners) as may be necessary to allow a unit owner to obtain the governmental permit authorized by this paragraph. Any such unit owner who wrongfully refuses to sign such permits or provide the Altering Owner with the necessary authorizations: shall be liable to the Altering Owner for all such damages (including costs and attorneys' fees) incurred by the Altering Owner as a result of such refusal; and shall be subject to such other legal and/or equitable remedies as may be available to the Altering Owner.

2. H.R.S. Chapter 205 may require that the Condominium Houses located within the Project qualify and be used as Farm Dwellings. If so, each unit owner will be required to enter into an agreement with the County of Kauai certifying that the Farm Dwelling will be used in connection with a farm or where agricultural activity provides income to the family occupying the Farm Dwelling. In addition, the Planning Department of the County of Kauai may not allow any Farm Dwelling to be constructed after the first Farm Dwelling within the Project unless the Planning Department inspects the Project to confirm whether agricultural activities are being conducted on the Project in accordance with H.R.S. Chapter 205. In such case, each unit owner in the Project will be required to bear an equal burden proportionate to the unit owner's respective appurtenant interest in the common area, for the cost of maintaining agricultural

activities on the Project that are satisfactory to the Planning Department of the County of Kauai and that will allow the issuance of a Farm Dwelling Agreement and corresponding building permit to all of the units within the Project. Any assessment that may be necessary to maintain agricultural activities pursuant to this paragraph may be imposed upon each unit in accordance with the Bylaws as a common expense of the association in connection with the operation of the Project.

3. Any alteration of a unit pursuant to Paragraph K of the Declaration shall be subject to the following conditions:

(a) All such alterations shall conform with all applicable governmental regulations, laws and ordinances.

(b) Such alterations may decrease or increase the size of improvements located on or within the unit's appurtenant limited common element, provided that no alteration shall extend or place such improvements outside of the limits of the unit's appurtenant limited common element.

(c) All such alterations shall be at the sole expense of the unit owner making the change and shall be completed within eighteen (18) months of the issuance of all necessary governmental permits for the commencement thereof and in a manner that will not unreasonably interfere with any other unit owner's use of his unit.

(d) With the prior consent of the Board of Directors, the owner of the altered unit, at such owner's sole expense, shall have the right to: utilize, relocate, construct, reconstruct, realign and/or develop additional, central and appurtenant installations for services to the unit affected by such alteration for electricity, sewer and other utilities and services; and when necessary, add, delete, relocate, realign, designate and grant easements and rights-of-way over, under and on the common elements as necessary or desirable in connection therewith. Provided, however, that no work done pursuant to this paragraph shall cause any unreasonable interruption in the service of such utilities to any other part of the Project, nor shall it unreasonably interfere with any other unit owner's use or enjoyment of his unit.

4. Each and every conveyance, lease and mortgage or other lien made or created on any unit and all common interests, limited common elements, and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a unit shall reserve to all unit owners the rights set forth in this paragraph.

5. If, despite the provisions of Paragraph K to the Declaration, any governmental agency shall require some or all of the Owners of Units in the Project (other than the Altering Owner) to sign any governmental permit application or related documents, then all of the other Unit Owners shall sign any such permit applications or related documents (including authorizations allowing the Altering Owner to sign such governmental permits on behalf of such other Owners) as may be necessary to allow an Altering Owner to obtain the governmental permit authorized by said paragraph K.5. Any such Unit Owner who wrongfully refuses to sign such permits or provide the Altering Owner with the necessary authorizations shall be liable to the Altering Owner for all such damages (including costs and attorneys' fees) incurred by the Altering Owner as a result of such refusal, and shall be subject to such other legal and/or equitable remedies as may be available to the Altering Owner.

6. The Developer or the owner of Unit C ("Unit C Owner") shall have the right, without the consent or joinder of the owners of Units A and B, to remove Unit C from the Project

and consolidate Unit C with a portion of Lot 1 of the Nonou Rise Estates Subdivision described by Kauai Tax Map Key No. (4) 4-2-003:015 ("Lot 1") or with a portion of TMK (4) 4-2-003:018 ("Parcel 18") in order to increase the size of Lot 1 or Parcel 18. The Owners of the other Units irrevocably grant the Unit C Owner or Developer the right to sign all documents on their behalf necessary to accomplish the removal of Unit C from the Project and the consolidation of Unit C with either Lot 1 or Parcel 18 and agree for themselves to sign all documents necessary to accomplish said removal and consolidation. The Developer or the Unit C Owner shall be solely responsible for amending, and shall be required to amend, these condominium documents as necessary to accomplish the removal and consolidation, and for paying all costs associated with the removal, consolidation and amendment of the condominium documents. In the event Unit C is removed from the Project the undivided interests in the remaining common elements of the Project shall be divided between Units A and B as set forth in Section F.1 to the Declaration. The right to consolidate as provided herein shall be limited to the right to create a boundary amendment which would allow Unit C to be consolidated with either Lot 1 or Parcel 18. Provided, however, that the Unit C Consolidation Rights as described herein shall be contingent on the ability of the Lot 1 or Parcel 18 Owner to obtain all the consents of the other owners of Lot 1 or Parcel 18, as the case may be, to the consolidation of Unit C. Notwithstanding any other provision contained herein, paragraph K.6 to the Declaration may not be amended without the consent of the Unit C Owner.

7. When applying for or submitting Farm Dwelling Agreements, building permits, use permits, zoning permits or any other land use permits with governmental agencies, the governmental agency may require some or all of the owners of the Project to sign the permit forms. In such case, all unit owners shall be required to sign such permit applications and related documents as may be necessary for any unit owner to obtain such permits, so long as the requesting unit owner has complied with the Condominium Documents.

8. The issuance of an effective date for the Condominium Public Report should not be construed to mean that all governmental laws, ordinances and regulations have been complied with and all subsequent development and use shall comply with applicable governmental laws, ordinances and regulations. Additionally, the creation of the Condominium Property Regime does not mean that the land has met the subdivision requirements of the County. As such, certain facilities and improvements normally associated with County approved subdivisions may not be necessarily included as part of this Project.

9. The owner of each unit shall be allowed to construct, place and/or maintain the following Improvements within the limited common element appurtenant to the owner's unit:

(a) The owners of Units A and B shall each be entitled to construct, place, and/or maintain one Condominium House; two (2) Agricultural Buildings; one garage; fences; walls; landscaping; roads; walkways; recreational facilities; underground utilities; wells; parking areas; patios; and other improvements allowed by the Board. No unit owner shall be entitled construct a Guest House. The owner of Unit C shall not be entitled to construct a condominium house or guest house and shall only be entitled to construct agricultural buildings, a garage, fences, walls, landscaping, roads, walkways, recreational facilities, underground utilities, wells, parking areas, patios and other improvements allowed by the Board and the CZO.

(b) The right to construct, place and/or maintain Improvements and other uses on all Units shall be further restricted by the provisions contained in the CZO, in the Restrictive Covenants, and in this Declaration, including but not limited to the following: the location of Buildings and Structures from property lines and Unit boundary lines are subject to the setback requirements contained in the CZO, Restrictive Covenants, and this Declaration;

FARM DWELLING REQUIREMENTS

Purchasers should be aware that Chapter 205, Hawaii Revised Statutes ("H.R.S."), generally does not authorize residential dwellings as a permissible use in an agricultural use district, unless the dwelling is related to an agricultural activity or is a "farm dwelling".

The term "farm dwelling" is defined in H.R.S. Chapter 205-4.5(a)(4) as a "single family dwelling located on and used in connection with a farm, including clusters of single-family farm dwelling permitted within agricultural parks developed by the State or where agricultural activity provides income to the family occupying the dwelling."

The penalty for violation of H.R.S. Section 205-4.5, is a fine of not more than $5,000. If any person who is cited for a violation of the law fails to remove the violation within six months of such citation and the violation continues, such person is subject to a citation for a new and separate violation. There shall be a fine of not more than $5,000 for any additional violation.

In order for any purchaser to obtain a building permit to construct a single family residential unit (farm dwelling), the County of Kauai will require the purchase to sign a Farm Dwelling Agreement in the form attached hereto as Exhibit "I".

In addition, Section K.2. of the Declaration imposes a duty of each unit owner to bear an equal burden proportionate to the unit owner's respective appurtenant interest in the common area for the cost of maintaining agricultural activities on the Project that are satisfactory to the Planning Department of the County of Kauai and that will allow the issuance of a Farm Dwelling Agreement and corresponding building permit to all of the units with the Project. See Section K.2. of Exhibit "B", Alteration of Project.

August 23, 2011
Date

Pursuant to §514B-144, HRS, the association will be required to adopt an annual budget. Pursuant to §514B-148, HRS, the annual budget shall include both total replacement reserves as of the date of the budget, and estimated replacement reserves. The association shall assess the unit owners to either fund a minimum of fifty percent of the estimated replacement reserves or fund one hundred percent of the estimated replacement reserves when using a cash flow plan; provided that a new association need not collect estimated replacement reserves until the fiscal year which begins after the association's first annual meeting. For each fiscal year, the association shall collect the amount assessed to fund the estimated replacement for that fiscal year reserves, as determined by the association's plan.

The association shall compute the estimated replacement reserves by a formula that is based on the estimated life and the estimated capital expenditure or major maintenance required for each part of the property. The estimated replacement reserves shall include:

(1) Adjustments for revenues which will be received and expenditures which will be made before the beginning of the fiscal year to which the budget relates; and

(2) Separate, designated reserves for each part of the property for which capital expenditures or major maintenance will exceed $10,000. Parts of the property for which capital expenditures or major maintenance will not exceed $10,000 may be aggregated in a single designated reserve.

"Capital expenditure" means an expense that results from the purchase or replacement of an asset whose life is greater than one year, or the addition of an asset that extends the life of an existing asset for a period greater than one year.

"Cash flow plan" means a minimum twenty-year projection of an association's future income and expense requirements to fund fully its replacement reserves requirements each year during that twenty-year period, except in an emergency; provided that it does not include a projection of special assessments or loans during that twenty-year period, except in an emergency.

"Major maintenance" means an expenditure for maintenance or repair that will result in extending the life of an asset for a period greater than one year.

"Replacement reserves" means funds for the upkeep, repair, or replacement of those parts of the property, including but not limited to roofs, walls, decks, paving, and equipment, that the association is obligated to maintain.

NOTE: Developer discloses that Developer has not conducted a reserve study in accordance with §514B-148, HRS, and the replacement reserve rules, if any, adopted by the Real Estate Commission.

NOTE: A unit owner will not be obligated for the payment of the owner's share of the common expenses until such time as the developer sends the owners written notice that, after a specified date, the unit owners shall be obligated to pay for the portion of common expenses that is allocated to their respective units. The Developer will mail the written notice to the owners, the association, and the managing agent, if any, at least thirty days before the specified date.

NOTE: The estimated budget is based on a cash basis.

(h) That the purchaser must close the purchase at a certain date and pay closing costs, in addition to the purchase price.

(i) That, unless requested, the purchaser will not receive interest on deposits made under the Purchase Contract.

(j) If the purchaser shall default:

(1) The contract may, at the Developer's option, be terminated by written notice to the purchaser; and

(2) Any sums paid by the purchaser shall belong to the Developer as liquidated damages (up to a maximum of 20% of the total purchase price); and

(3) The Developer may pursue any other remedy, including specific performance, permitted by law or equity. All costs, including reasonable attorneys' fees, incurred by reason of default by the purchaser shall be borne by the purchaser.

(k) If the Developer shall default:

(1) The purchaser may bring an action for damages for breach of contract; and

(2) The purchaser may seek specific performance of the contract; and

(3) The Developer shall be responsible for any costs incurred in accordance with the contract.

   (a) The purchaser has signed a receipt for the report(s) and waived the right to cancel; or

   (c) The apartment is conveyed to the purchaser within 30 days from the date the report(s) were delivered to the purchaser.

Material Change: Binding contracts with the Developer may be rescinded by the purchaser if:

(1) There is a material change in the project which directly, substantially, and adversely affects (1) the use or value of the purchaser's apartment or its limited common elements; or (2) the amenities available for purchaser's use; **AND**
(2) The purchaser has not waived the right to rescind.

If the purchaser rescinds a binding sales contract because there has been a material change, the purchaser is entitled to a full and prompt refund of any moneys the purchaser paid.

EXHIBIT "L"

SUMMARY OF ESCROW AGREEMENT

The Escrow Agreement sets up an arrangement under which the deposits a purchaser makes pursuant to a Sales Contract will be held by a neutral party ("Escrow"). Under the Escrow Agreement, these things will or may happen:

(a) Escrow will let the purchaser know when payments are due.

(b) Escrow will arrange for the purchaser to sign all necessary documents.

(c) A purchaser shall be entitled to a return of such purchaser's funds and Escrow shall pay such funds to such purchaser, together with any interest which may have accrued to the credit of such purchaser, if any one of the following has occurred (collectively, the "Cancellation Provisions"):

(i) Seller and purchaser shall have requested Escrow in writing to return to purchaser the funds of purchaser held hereunder by Escrow; or

(ii) Seller shall have notified Escrow of Seller's exercise of the option to cancel or rescind the sales contract pursuant to any right of cancellation or rescission provided therein or otherwise available to Seller; or

(iii) The purchaser shall have notified Escrow of purchaser's exercise of purchaser's right to cancel the sales contract pursuant to HRS §514B-86 (thirty-day right to cancel), or, if applicable, HRS §514B-89 (failure to complete construction before specified completion deadline); or

(iv) The purchaser shall have notified Escrow of purchaser's exercise of purchaser's right to rescind the sales contract pursuant to HRS §514B-87, by a valid rescission signed by all purchasers of the affected unit and postmarked no later than midnight of the thirtieth calendar day after the date that the purchasers received the notice of rescission from Seller, in which case the purchasers shall be entitled to a prompt and full refund of any moneys paid.

(d) The purchaser is entitled to a refund if the purchaser or seller cancels the Sales Contract in accordance with its cancellation provisions, or if the purchaser terminates its reservation before the Sales Contract is binding. However, Escrow may deduct from the refund cancellation fees in accordance with the Sales Contract in an amount not to exceed $250.00.

In the event of a default by the purchaser, the funds paid by the purchaser shall belong to the seller as liquidated damages (up to a maximum of twenty percent (20%) of the total purchase price).

The Escrow Agreement contains various other important provisions and establishes certain charges with which a purchaser should be familiar. It is incumbent upon purchasers and prospective purchasers to read with care the executed Escrow Agreement on file with the Real Estate Commission.

(e) The purchaser's funds that are placed in trust prior to closing may be used by the seller after:

(f) Escrow may not disburse any buyer's funds in the construction of the project until completion of the project and the expiration of the mechanic's and materialmen's lien period. Escrow may disburse prior to completion of the project and expiration of the applicable lien period if the Developers would furnish each purchaser an Owners Title Insurance with an endorsement against any future liens placed on the apartments or project as a result of the development, plus providing the Real Estate Commission a release of the General Contractor's lien rights.

3. That the Project contains existing structures being converted to condominium regime status; that such structures are in compliance with all zoning and building ordinances and codes, and all other permitting requirements; that no variances have been granted to achieve such compliance; and that none of the conditions, uses or the structures on the Project are legal non-conforming conditions, uses or structures.

4. That the Project is located in the State Land Use Commission Agricultural District and:

(a) All structures and uses anticipated by the Developer's promotional plan for the Project are in compliance with all applicable State and County land use laws.

(b) All structures and uses anticipated by the Developer's promotional plan for the Project are in compliance with all applicable County real property tax laws.

5. The Project is located within the Open District under the County of Kauai Comprehensive Zoning Ordinance ("CZO"), as shown on the Condominium Map, and is therefore subject to certain land coverage restrictions as more fully detailed in the CZO. Under CZO provisions in effect at the time of recordation of this Declaration, land coverage within the Open District portion of the Project is limited to ten percent (10%) of the total size of the Open District area, provided that any parcel of record existing prior to or on September 1, 1972 is allowed 3,000 square feet of land coverage. "Land coverage" is defined under the CZO as

> . . . a man-made structure, improvement or covering that prevents normal precipitation from directly reaching the surface of the land underlying the structure, improvement or covering. Structures, improvements and covering include roofs, surfaces that are paved with asphalt, stone, or the like such as roads, streets, sidewalks, driveways, parking lots, tennis courts, patios, and lands so used that the soil will be compacted so as to prevent substantial infiltration, such as parking of cars and heavy and repeated pedestrian traffic.

The Open District area within this Project is approximately 5.781 acres, and the total allowed land coverage area within the Open District area is therefore approximately .5781 acres or approximately 25,182.036 square feet. Available land coverage for improvements within the Project shall first be allocated to Easements A, B and C, then to any common elements or other areas that are in common use for more than one Unit. The remaining land coverage allowed for

the Project shall be divided based on their percentage interest in the common elements of the Project.

This Developers' Zoning Compliance Declaration may be executed in counterparts. Each counterpart shall be executed by one or more of the parties hereinbefore named and the several counterparts shall constitute one instrument to the same effect as though the signatures of all the parties are upon the same document.
