The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

## **General Information On Condominiums**

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

## **Operation of the Condominium Project**

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

### 3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

#### 3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Land Court or Bureau of Conveyances	Date of Document	Document Number
Bureau of Conveyances	April 5, 2013	A-48480817

#### Amendments to Declaration of Condominium Property Regime

Land Court or Bureau of Conveyances	Date of Document	Document Number

#### 3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

#### 3.3 Condominium Map

The Condominium Map contains a site plan and floor plans, elevations and layout of the condominium project. It also shows the floor plan, unit number and dimensions of each unit.

**3.4 House Rules**

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Are Proposed	<input type="checkbox"/>	
Have Been Adopted and Date of Adoption	<input type="checkbox"/>	
Developer does not plan to adopt House Rules	<input checked="" type="checkbox"/>	

**3.5 Changes to the Condominium Documents**

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	100%
Bylaws	67%	67%

**3.6 Rights Reserved by the Developer to Make Changes to the Condominium Project or Condominium Documents**

<input checked="" type="checkbox"/>	No rights have been reserved to the Developer to change the Declaration, Bylaws, Condominium Map or House Rules (if any).
<input type="checkbox"/>	Developer has reserved the right to change the Declaration, Bylaws, Condominium Map and House Rules (if any) and to add to or merge the project or to develop the project in one or more phases, and such rights are summarized as follows:

##### 4.1 Management of the Common Elements

<b>Management of the Common Elements:</b> The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.	
The initial Condominium Managing Agent for this project is (check one):

If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.
Exhibit "G" contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

If this project contains three or more residential units, the Developer shall designate at least fifty percent (50%) of the units for sale to Owner-Occupants.

<input type="checkbox"/>	The sales of units in this project are subject to the Owner-Occupant requirements of Chapter 514B.

<input type="checkbox"/>	Developer has or will designate the units for sale to Owner-Occupants by publication.

### 5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

Type of Lien	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
Mortgage	If Developer defaults under its mortgage then the Buyer's contract may be canceled. Upon cancellation all of the Buyer's deposits will be refunded less any escrow cancellation fees.

### 5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:

**Building and Other Improvements:**

No warranties are given on the buildings and improvements of the Units.

**Appliances:**

No warranty is given on any of the appliances.

**5.5 Status of Construction, Date of Completion or Estimated Date of Completion**

<p>Status of Construction: Unit 66-170 &amp; Unit 66-178 were constructed in 2005.</p>
<p>Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.</p>
<p>Completion Deadline for any unit not yet constructed, as set forth in the sales contract:</p>
<p>Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:</p>

**5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance**

<input type="checkbox"/>	<p>Spatial Units. The Developer hereby declares by checking the box to the left that it is offering spatial units for sale and will not be using purchasers' deposits to pay for any costs to pay for project construction or to complete the project.</p> <p>Should the developer be using purchasers' deposits to pay for any project construction costs or to complete the project including lease payments, real property taxes, architectural, engineering, legal fees, financing costs; or costs to cure violations of county zoning and building ordinances and codes or other incidental project expenses, the Developer has to met certain requirements, described below in 5.6.1 or 5.6.2..</p>
--------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

**5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance**

<input checked="" type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p><i>If this box is checked, Section 5.6.2, which follows below, will not be applicable to the project.</i></p>
-------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**5.6.2 Purchaser Deposits Will Be Disbursed Before Closing**

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):

<input type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p><b>Box A</b></p> <p><input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><b><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</b></p>
<p><b>Box B</b></p> <p><input type="checkbox"/></p>	<p>The Developer has <b>not</b> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <b><u>Important Notice Regarding Your Deposits</u></b> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <b><u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u></b> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <b><u>Important Notice Regarding Your Deposits</u></b> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

**Material House Bond.** If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

## 5.7 Rights Under the Sales Contract

## 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

### 5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.  
(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed**

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

### **5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change**

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30<sup>th</sup> calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

## **6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT**

### **1. HAZARDOUS MATERIALS**

The Developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under and around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos or other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the apartments or in the Project or anything installed or contained therein and Buyer expressly releases the Developer from any liability to Buyer if any hazardous materials are discovered.

**2. RESERVED RIGHT OF UNIT 66-178.** If and when City and County of Honolulu, who is the owner of the adjacent parcel of land known as TMK (1) 6-6-34-77 ("Remnant Parcel") offers such Remnant Parcel for sale, the Owner of Unit 66-178 shall have the right to purchase said Remnant Parcel and to consolidate such Remnant Parcel with the Project Land. Upon such consolidation, the additional land shall automatically become a part of Dwelling Area 66-178. After such acquisition by the Owner of Unit 66-178 has occurred, the Owners of Unit 66-170 and Unit 66-178 shall promptly record with the Recording Office an amendment to the Condominium Map to reflect the change in the size of the Project Land, which will be increased by the area that Owner of Unit 66-178 will have acquired. If, notwithstanding this Paragraph 9.6, the consent or joinder of any Unit Owner or the Association is required by the Act, County or State Law or by the City, then each of the Unit Owners hereby consents in advance to give such consent, to join in any required action, and to vote to have the Association carry out the provisions of this Paragraph, as applicable and agree to promptly execute any documents necessary to acquire said Remnant Parcel; and all costs and expenses related to such purchase and the resulting amendment to the Condominium Map shall be borne by the Owner of Unit 66-178. If the Owner of Unit 66-170 refuses to give his consent, joinder or vote, then the Owner of Unit 66-178, or the Association, shall be deemed to have a special power of attorney or proxy, as the case may be, to provide such consent, joinder or vote. Each and every conveyance, lease and mortgage or other lien made or created on any Unit, all Common Interests and other appurtenances thereto shall be subject to the provisions of this Paragraph.

**3. AMENDMENT TO BYLAWS.** The Bylaws of the Association of Unit Owners may be amended by the vote or written consent of sixty-seven (67%) of the Unit Owners. This means that the Unit Owners of both Units will need to agree in order to amend said Bylaws.

**4. PRIVATE SEWER SYSTEM.** The area in which the Project is located is not serviced by a public sewer system (see attached Exhibit "K" for more details).

REQUIREMENT THAT THE UNITS BE "DETACHED DWELLING UNITS". Since the area of the Land is less than 10,000 square feet, but more than 7,500 square feet, LUO requires the two dwelling units must be "detached dwelling units", which is defined as two dwelling units which are attached by a carport, garage or solid wall without openings which shall not be less than 15 feet or 50% of the longer unit. The two Units are connected by an interior solid wall, which is intended to meet the LUO requirement. Each Unit has an easement on or over the Limited Common Element of the other Unit and over the Common Elements, so that each Unit may be attached to the other in the manner shown on the Condominium Map. Each Unit Owner shall has a nonexclusive easement to enter at reasonable times and upon reasonable advance notice (except in an emergency) upon the Limited Common Element appurtenant to the other Unit and in or within the other Unit itself for the purposes of (aa) attaching in the manner shown on the Condominium Map the Unit of the Unit Owner utilizing this easement ("Acting Owner") to the Unit of the non-Acting Owner, in a manner that will comply with the LUO, but in such a manner as not to unreasonably interfere with the use and enjoyment (other than on a temporary basis) by such non-Acting Owner of his Unit; and (bb) and for the repair, maintenance and replacement of the Acting Owner's Unit, including the repair, maintenance and replacement of any improvement connecting the Units.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

Ms. May Hung

Miliāni, Hawaii 96789

Dear Ms. Hung:

Subject: Condominium Conversion Project  
66-170 and 66-178 Waialua Beach Road  
Tax Map Key: 6-6-34: 76

This is in response to your letter dated October 9 2008, requesting verification that the structures on the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the two-story two-family detached dwelling with four all-weather-surface off-street parking spaces met all applicable code requirements when it was constructed in 2005, on this 8,494-square-foot R-5 Residential-District-zoned lot.

An affidavit was required with the issuance of Building Permit No. 577327 for a two-story two-family detached dwelling. It allowed one bar sink per unit; and upon completion, the structure shall be maintained as a two-family detached dwelling containing only one kitchen for each unit. An interior connection shall be provided as shown on the approved plans.

For your information, the Department of Planning and Permitting cannot determine all legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

No variances or other permits were granted to allow deviations from any applicable codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create separate lots of record for subdivision and zoning purposes.

**Summary of the Material Provisions of the Escrow Agreement**

Summary of the Condominium Escrow Agreement between the Developer and Fidelity National Title & Escrow of Hawaii.

1. All deposits will be paid to Escrow. A copy of each Sales Contract and all payments made to purchase a Unit shall be turned over to the Escrow Agent. Any interest earned on funds deposited in escrow shall accrue to the credit of the Developer; except that, if Escrow is requested to establish a separate account for a purchaser, the purchaser shall pay Escrow a fee of \$25.00 for each such separate account and shall furnish Escrow the purchaser's social security or federal identification number, and any interest earned on funds deposited in such account shall accrue to the credit of the purchaser.

2. Conditions to be Met Prior to Disbursement. No disbursements of funds held in escrow with respect to a sales contract shall be made unless and until the following conditions have been fulfilled:

(a) The Real Estate Commission shall have issued an effective date of the Developer's Public Report on the Project;

(b) The purchaser shall have been given and shall have acknowledged receipt of (i) a copy of said Public Report and (ii) notice of purchaser's thirty-day cancellation right upon a form prescribed by the Real Estate Commission;

(c) The purchaser shall have waived the right to cancel or be deemed to have the right to cancel, in accordance with Section 514B-86 of the Act; and

(d) The Developer shall have given Escrow a written waiver of any option reserved in any sales contract to cancel such sales contract.

At the request of Escrow, Developer's attorney shall delivered a written opinion to Escrow that the foregoing conditions shall have been complied with and the purchaser's sales contract has become effective.

3. Return of Funds and Documents. A purchaser shall be entitled to a return of funds and Escrow shall pay such funds to such purchaser, without interest, if any one of the following has occurred:

(a) Developer and the purchaser shall have requested Escrow in writing to return to purchaser the funds of purchaser held hereunder by Escrow; or

(b) Developer shall have notified Escrow of Developer's exercise of any option to cancel or rescind the sales contract pursuant to any right of cancellation or rescission provided therein or otherwise available to Developer; or

(c) A purchaser shall have exercised his thirty-day cancellation right to rescind the sales contract pursuant to Section 514B-86 of the Act; or

(d) In the event of a material change in the Project, a purchaser shall have exercised his thirty-day cancellation right to rescind the contract pursuant to Section 514B-87 of the Act.

In any of the foregoing events, Escrow shall, upon the occurrence of the event described in (a) or (b) above or upon receipt of a written request for a refund from purchaser upon the occurrence of an event described in (c) or (d) above, unless the purchaser has waived or has been deemed to have waived the right to a refund, pay said funds to said purchaser (less a cancellation fee commensurate with the work done by Escrow prior to such cancellation) and thereupon said sales contract and any conveyance document theretofore delivered to Escrow shall be returned to Developer and shall be deemed no longer held hereunder; provided, however, that no refund shall be made to a purchaser at purchaser's request prior to receipt by Developer of written notice from Escrow of its intent to make such refund and the purchaser shall not be required to pay a cancellation fee to Escrow for any rescission pursuant to HRS §514B-87.

(e) If the purchaser indicated the purchaser's intention to be an owner-occupant of a Unit under Section 514B-95 et. seq. of the Act by signing a document entitled "Affidavit of Intent to Purchase and Reside in an Owner-Occupant Designated Condominium Residential Unit," and if the purchaser and the Developer so request in writing, Escrow will refund the purchaser's deposits upon the occurrence of any of the following events:

(i) No sales contract has been offered to the purchaser (A) within six (6) months of the issuance of an effective date for the Project's first condominium public report (if the "chronological system" defined in section 514B-95 of the Act has been used to establish a final reservation list), or (B) within six (6) months of the public lottery (if the "lottery system" described in section 514B-95 of the Act has been used to establish a final reservation list). In this case only, no cancellation fees will be subtracted from the refund; or

(ii) Before signing a sales contract, the purchaser requests that his name be removed from the Developer's final reservation list; or

(iii) The purchaser chooses not to sign a sales contract; or

(iv) The purchaser is unable to obtain a loan (or a commitment for a loan) for sufficient funds to purchase the Unit by the time the sales contract allows the purchaser to obtain a loan or a commitment for a loan, and either the purchaser or the Developer chooses to cancel the sales contract. The Act requires that the purchaser shall have at least fifty (50) calendar days from the day the Developer signs and accepts the sales contract to obtain a loan or a commitment for a loan; or

(v) The purchaser is required by the Act to rescind the sales contract because the purchaser will not or cannot reaffirm at closing the purchaser's intention to be an owner-occupant of the Unit. In this case, Escrow will refund only what remains (if anything) of purchaser's deposits after Escrow pays the Developer the greater of five percent (5%) of the purchaser's deposits or a sum equal to the Developer's actual damages caused by the purchaser's rescission of the sales contract.

Except for cancellations under subparagraph (e) (i) above, Escrow may deduct from any such refund made to a purchaser a cancellation fee as set forth above.

4. Purchaser's Default. Developer shall give notice in writing to Escrow of the occurrence of each event which initiates an obligation of a purchaser to make a payment to Escrow pursuant to the sales contract as well as notice of the amount and due date of such payment. Escrow shall thereupon promptly give the purchaser notice of the amount and due date of such payment. If the purchaser fails to make such payment to Escrow on or before the due date thereof or if the purchaser fails to perform in any matter which is being handled by Escrow, Escrow shall promptly notify Developer of any such failure on the part of the purchaser. If Developer subsequently certifies in writing to Escrow that Developer has terminated the sales contract in accordance with the terms thereof and provides to Escrow copies of all such notices of termination sent to the purchaser, Escrow shall thereafter treat all funds of the purchaser paid on account of such purchaser's sales contract as funds of Developer and not as funds of the purchaser. Thereafter, such funds shall be free of the escrow established by Developer. Upon written request by Developer, Escrow shall pay such sums to Developer, less any escrow cancellation fee, shall return to Developer the sales contract of such purchase and any other documents theretofore delivered by Developer to Escrow, and shall return other documents theretofore delivered to Escrow in connection with the purchase of the unit to the person from whom, or entity from which, such documents were received; and, Escrow shall thereupon be released from any further duties or liability hereunder with respect to such funds and such purchaser.

**PERMITTED ALTERATIONS TO UNITS**

Paragraph 19.1 of the Declaration states:

"19.1 Changes to Units. Notwithstanding anything to the contrary contained in the Declaration, a Unit Owner, with the consent by the holder of any mortgage affecting the Owner's Unit (if required by such mortgage), shall have the right at his sole option at any time and from time to time without the consent of any other Unit Owner or other person or entity, to improve, renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to or in his Unit or portions thereof or to make or build improvements upon the Dwelling Area appurtenant to his Unit (each of the foregoing is referred to as a "change" and collectively, they are referred to as "changes") subject to the following conditions:

(i) All building plans for any such changes shall conform with applicable City and County building, zoning laws and ordinances, including any LUO requirement that the two residential buildings within the Project be physically attached.

(ii) All changes to a Unit must be made within the Dwelling Area which is appurtenant to the Unit, provided that a change to either Unit may be made by the owner of the other Unit in order to meet the requirement of (i) above in accordance with Paragraph 7.6 of the Declaration;

(iii) No change to a Unit will be made if the effect of such change would be to exceed the Unit's "proportionate share" of allowable development rights applicable to the Land (such to include without limitation, maximum building areas and number of dwelling units) as set forth in the LUO when the change is to be made; provided, that each Unit shall be allocated at least one dwelling unit. Notwithstanding the foregoing, if only five (5) bedrooms are permitted to be serviced by the Private Septic System shared by the Units, then Unit 66-170 Shall be permitted to have two (2) bedrooms and Unit 66-178 Shall be permitted to have three (3) bedrooms. The "proportionate share" for each Unit shall be the same as its common interest in the Land.

(iv) All such changes shall be at the expense of the Owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere (except on a temporary basis) while such change is being made with the other Owner's use of his Unit or its appurtenant Dwelling Area.

(v) The Owner of the changed Unit shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Unit affected by such change for electricity, sewer and other utilities and services and when applicable, to add, delete, relocate, realign, designate and grant easement and rights-of-way over, under and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by the other Owner;

(vi) If the consent to the change or joinder of the other Owner in obtaining a permit or utilities, for example, is required by the Act, a governmental entity or a utility, then each Owner shall give such consent or joinder promptly following the request of the Owner making such change, provided that all costs and expenses associated with the change shall be borne by the Unit Owner making such change.

(vii) Each and every conveyance, lease and mortgage or other lien made or created on any Unit and all common interests and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a Dwelling Area shall reserve to each Owner the rights set forth in this paragraph."

## EXHIBIT "J"

### SUMMARY OF SALES CONTRACT

The Sales Contract consists of two documents: a Hawaii Association of Realtors Standard form "Purchase Contract" ("Purchase Contract") and a document attached to the Purchase Contract which is entitled "Special CPR Provisions to the Purchase Contract" ("Special Provisions").

The Special Provisions are intended to amend the Purchase Contract, and unless the context would indicate clearly to the contrary, then in the event of any conflict between a provision contained in the Special Provisions and a provision contained in the Purchase Contract, the provision contained in the Special Provisions will prevail.

1. Description of the Property to be Conveyed: Fee simple title to the Unit, together with the furnishings and appliances, if any, and the undivided interest in the common elements set forth in the Purchase Contract. Title will be conveyed subject to the encumbrances of record.
2. Purchase Price and Terms. The purchase price for the Unit is set forth on page 2 of the Purchase Contract is to be paid in the method and at the times set forth in the Purchase Contract. This may include payment of (a) an initial deposit; (b) an additional cash deposit, if set forth in the Purchase Contract; and (c) the balance of the purchase price is to be paid to escrow by purchaser on or before closing.
3. Financing of Purchase. Paragraph C-24 of the Purchase Contract Form (if elected) provides if Buyer desires financing, a loan application must be made within a certain number of days and if Buyer's application is not approved within a certain number of days after the application, then either Seller or Buyer may cancel the Sales Contract. Upon such cancellation, Buyer's deposits will be refunded by escrow without interest.
4. Closing Costs. Closing costs and escrow fees are to be shared in accordance with the Purchase Contract, except that Seller does have the option to require two months' advance payment of Association maintenance fees and a start up expense for the Association of Unit Owners equal to two months' of Association maintenance fees. Buyer's proportionate share of any liability insurance premium, real property taxes, maintenance fees and any other charges with respect to the Property shall be pro-rated between Seller and Buyer as of the date of closing.
5. Closing. Seller has agreed to cause the Unit to be sold to the Buyer within the time period set forth on page 3 of the Purchase Contract .
6. Sales Contract May be Subject to Seller's Mortgage(s).
  - (a) The Sales Contract is an agreement by Seller to transfer the Unit in the future on the closing date. Until closing, Seller has the right to have a mortgage or mortgages placed against the Unit. If the Seller places a future mortgage against the Unit prior to the closing date, Buyer's rights will be subject to such mortgage or mortgages. If Seller were to default under such mortgage or mortgages prior to the closing, then Buyer could lose his rights under the Sales Contract. If such event were to occur, then Buyer's deposits would be returned to him.
  - (b) Notwithstanding that the Sales Contract may be subject to a mortgage or mortgages prior to closing, if the Buyer performs his obligations under the Sales Contract, then Seller is required to convey the Unit to Buyer at closing free and clear of any mortgage.
7. Seller's Rights to Cancel Sales Contract. The Seller may cancel the Sales Contract with the Buyer if (a) Buyer fails to qualify for a permanent loan (if Paragraph C-24 of the Purchase Contract is selected); (b) Buyer defaults under the Sales Contract (paragraph 6(b) of the Special Provisions); (c) Buyer dies prior to Closing Date (paragraph 6(a) of the Special Provisions) or (d) the Developer's Public Report shall not have been issued and Buyer shall not have waived his right to cancel (called the "Effective Date"). Pursuant to Paragraph 6(b) of the Special Provisions, if Buyer fails to close as required, then in the case only of non-monetary default after ten (10) days following Seller's notice of Buyer's default or otherwise without notice as to monetary defaults, the Seller may cancel the Sales Contract and all sums previously paid by Buyer will belong absolutely to the Seller as liquidated damages. Additionally, Seller may pursue any other remedy, and all costs, including reasonable attorney's fees, incurred by reason of default by the Buyer shall be borne by the Buyer. Time is the essence of the Sales Contract.
8. Rights of Buyer to Cancel the Sales Contract.
  - (A) Paragraph 6 of the Sales Addendum gives the Buyer the right to cancel the Sales Contract for any

reason subject to the conditions set forth therein. Pertinent provisions within Paragraph 6 are as follows:

after:                   "(a)     The Buyer may cancel the Sales Contract at any time up to midnight of the thirtieth day

(i)       The date that the Buyer signs the Sales Contract; and

(ii)      All of the items specified in subsection (a)(1) of §514B-86 HRS (which are listed in Paragraph 11 [of the Sales Contract]) have been delivered to the Buyer.

(b)      If the Buyer cancels, then the Buyer will be entitled to receive the refund of any down payment or deposit, less any escrow cancellation fees and other costs associated with the purchase, which cost and fees shall not exceed \$250.

cancel, by:           (c)      The Buyer may waive the right to cancel, or shall be deemed to have waived the right to

(i)       Checking the waiver box on the cancellation notice and delivering it to the Seller.

(ii)      Letting the thirty-day cancellation period expire without taking any action to cancel; or

(iii)     Closing the purchase of the unit before the cancellation period expires.

(B)      Paragraph 7 of the Sales Addendum gives the Buyer the right to cancel the Sales Contract if there are material changes in the Property or the Project, subject to the conditions set forth therein. Pertinent provisions within Paragraph 7 are as follows:

"(a)      Rescission Right. Except for any additions, deletions, modifications and exercise by Seller of reservations made pursuant to the terms of the Declaration of Condominium Property Regime for the Project, the Buyer may rescind his purchase of the Property even though this sales contract is binding upon him if there is a material change in the Project which directly, substantially, and adversely affects the use or value of (1) the Buyer's Property or appurtenant limited common elements, or (2) those amenities of the Project available for the Buyer's use.

(b)      Waiver of Rescission Right. Upon delivery to the Buyer of a description of the material change on a form prescribed by the Real Estate Commission, the Buyer may waive the buyer's rescission right provided in subsection (a) by:

(i)       Checking the waiver box on the option to rescind sales contract instrument, signing it, and delivering it to the Seller;

(ii)      Letting the thirty-day rescission period expire without taking any action to rescind;  
or

(iii)     Closing the purchase of the unit before the thirty-day rescission period expires.

(c)      In the event of rescission pursuant to the provisions of this section, the Buyer shall be entitled to a prompt and full refund of any moneys paid."

(C)      Buyer may also cancel the Sales Contract if Buyer fails to qualify for permanent financing if Paragraph C-24 of the Purchase Contract has been selected.

9. Paragraph 11 of the Special Provisions provides that the Buyer acknowledges Buyer having received (a) a true copy of the Developer's Public Report including all amendments with an effective date issued by the Real Estate Commission, together with the Project's recorded declaration and bylaws, house rules if any, a letter-sized condominium project map, and all amendments. (Provided, that where it is impractical to include a letter-sized condominium project map, the prospective purchaser or purchaser shall have an opportunity to examine the map), and (b) a notice of the buyer's thirty-day cancellation right on a form prescribed by the Real Estate Commission.

Seller reserves the right to modify the above documents as may be required by law, any title insurance company, or any institutional mortgagee.

10. Paragraph 12 provides that because of the age of the Property, Seller shall convey the Property (including the common elements) in "as is" condition. This means that: (i) Buyer is assuming all risks as to the condition of the Property and the Project, including the land; (ii) Seller will not be obligated to correct any defects in the Property or the Project (including the land) or anything installed or contained therein if such defects are later discovered, and (iii) Buyer shall not have the right to file any lawsuit for damages against Seller for any defects later discovered.

The Summary contained in this Exhibit is merely a summary and is not intended to be a substitute for the Buyer's careful review of the Sales Contract.

EXHIBIT "K"

PRIVATE SEPTIC SYSTEM OR CESSPOOL.

(a) Definition. "Private Septic System" shall mean any private wastewater disposal or treatment and disposal system (including without limitation septic tanks and injection fields or cesspool) now or hereafter located on or under either Dwelling Area and which utilized jointly by the Owners of both of the Units, and which is not hooked into a public sewer or septic system. (It being understood that there exists a shared Private Septic System, which is a common element within the Project.)

(b) Designation of Common Element. The Private Septic System and that portion of the Dwelling Area on which the system is now or hereafter located (together with reasonable rights of access to and from the System) shall constitute a common element available for use as a Private Septic System for the benefit of both Units; provided, however, that except for such use as a Private Septic System of that portion of the Dwelling Area under which the System is located or across which access is required, all other uses of such affected Dwelling Area are exclusively reserved for the benefit of the Unit to which the Dwelling Area is appurtenant.

(c) Sharing of Costs. Notwithstanding Paragraph 15 of the Declaration, the costs and expenses (including any replacement thereof) relating to the Private Septic System shall be treated as a common expense to be shared equally by each Unit Owner. To the extent practicable, each Owner shall pay his allocable share of the costs and expenses relating to the Private Septic System directly to the person providing services or to whom any such obligation is owed by the Owners.

(d) Future Expansion or Installation. Pursuant to Paragraph 19.1, a Unit Owner may make changes to his Unit including expansion of the number of bedrooms if such is permitted by County Rules or State Law. If a change is permitted under County Rules or State Law subject to the expansion of the existing Private Septic System or the installation of a new Private Septic System, then the parties may agree to expand the Septic System or install a new system and agree as to the method of sharing of the costs associated with such expansion or installation. If the Unit Owners do not agree as to such expansion or the sharing of costs relating thereto, then the Owner who desires to expand the Private Septic System or install a new System ("Expanding Owner") may do so on the following terms and conditions:

(i) All costs and expenses (including without limitation the costs of design, permitting, engineering, construction, and landscaping, and costs of any temporary treatment facility if required during such expansion) shall be paid for by the Expanding Owner;

(ii) The expansion shall be made by the Expanding Owner in such a manner as to cause minimum disruption of service of the existing Private Septic System and to allow for the future possible hook-up of the Unit owned by the other Owner in the Project ("Non-Expanding Owner");

(iii) The Expanding Owner shall indemnify and hold the "Non-Expanding Owner" harmless against any loss, liability, damage or expense incurred or suffered by the Non-Expanding Owner on account of such enlargement or installation of the Private Septic System;

(iv) The expansion or installation shall be in compliance with all applicable County Rules, and shall be performed by requisite licensed professionals;

(v) The Expanding Owner shall return the Dwelling Area in which the current Private Septic System is located to the same condition (including landscaping) as it was in prior to such expansion or installation;

(vi) The Expanding Owner shall provide reasonable assurance to the Non-Expanding Owner that the Expanding Owner has the financial ability to pay for all costs and expenses relating to such expansion or installation;

(vii) Except with the consent of the Non-Expanding Owner, any installation of a new Private Septic System shall be on and under the Dwelling Area appurtenant to the Unit owned by the Expanding Owner;

(viii) If after the Expanding Owner expands the Private Septic System or installs a new septic system and pays the cost and expense of such expansion or installation, the Non-Expanding Owner wishes to make a change to his Unit which would require an expansion of the current Private Septic System or installation of a new System, then the Non-Expanding Owner shall have the right to hook into and utilize the expanded or newly installed Private Septic System made by the Expanding Owner (subject to any legal restrictions imposed on such System by the County or State), provided the Non-Expanding Owner shall reimburse the Expanding Owner for the Non-Expanding Owner's proportionate share of such costs of original expansion or installation made by the Expanding Owner.

(e) Cooperation. The Owner of each Unit shall cooperate with the Owner of the other Unit with respect to the changes to a Unit and with respect to the expansion, installation and hooking into the Private Septic System.

(f) Termination if Public Sewer System. In the event that a governmental entity or public utility makes available to the Unit Owners the right to hook into its common septic system ("Public Sewer System") which could replace the Private Septic System, then at the request of the owner of either Unit, the Owners of both Units shall hook up to the Common Sewer Facility and shall abandon the Private Septic System. All costs and expenses associated with the hook up to the Common Sewer Facility shall be allocated in a reasonable and fair manner, and the costs associated with the abandonment and removal of the Private Septic System shall be shared according to the sharing of other common expenses.
