Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

This is a CONDOMINIUM PROJECT, and NOT a subdivision. The "Limited Common Element Land Area" beneath and immediately adjacent to each unit is designated a LIMITED COMMON ELEMENT and is NOT a legally subdivided lot. The dotted or dashed lines on the Condominium Map bounding the designated number of square feet in each Limited Common Element Land Area are for illustrative purposes only and should not be construed to the property lines of legally subdivided lots.

No warranties will be provided by the Developer for any of the units or appliances. The units will be conveyed in their existing "AS IS" and "WHERE IS" condition. However, as set forth in Exhibit "A" and Exhibit "H" the project's general contractor shall provide a one year warranty commencing on the "Date of Substantial Completion", which is October 23, 2013, that the materials and equipment furnished for construction of the Project will be good quality and new and the construction and services required by the Construction Contract (including all labor, materials and equipment furnished by the general contractor) will be free from defects, except for defects inherent in the quality of the construction and services required or permitted by the construction contract. The Developer will assign said warranty, together with all transferable manufacturer's and dealer's warranties covering all appliances installed in the unit to the first owner of each unit.

All owners of Units in the Project are automatically members of the Association of Condominium Unit Owners of 2062 and 2062A Makanani Drive Condominium (hereinafter the "AOUO"). The AOUO manages the condominium project. Pursuant to the Project's Bylaws a majority (i.e. more than 50%) of the unit owners must be present to constitute a quorum and the acts of a majority of the unit owners present at any meeting in which a quorum is present shall be the acts of the AOUO. In summary, this condominium project is managed by 100% agreement of the Unit owners because the AOUO cannot act without a quorum and both unit owners must attend any AOUO meeting to have a quorum.

This public report does not constitute approval of the Project by the Real Estate Commission, or any other governmental agency, nor does it ensure that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.

The wet bars on the first floor of each unit may not be converted to a kitchen and the units may not be subdivided. Prospective purchasers with questions about this should see Exhibit K and/or consult with the City and County Department of Planning and Permitting.

Zoning and Land Use Violations. In a condominium, all of the land included in the condominium remains a single, unsubdivided parcel of land for purposes of zoning and land use regulation. If one unit owner violates a regulation, the violation is attributable to both that owner and the innocent owner of each other unit. For example if one owner builds or adds to a structure in a manner which violates height limits, size limits, setbacks, building permit requirements, or flood zone rules, or uses the unit for an unauthorized additional dwelling or short term rental, the violation applies to the entire condominium and the innocent unit owner may be subject to fines or may be denied a building permit as long as the violation remains uncured. **THE PROSPECTIVE BUYER IS CAUTIONED TO CONSULT WITH LEGAL COUNSEL CONCERNING THESE IMPORTANT RISKS.**

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.
