(c) The department shall determine the individual's eligibility for services within thirty calendar days of the date the application for transportation assistance is received by the department.

(d) The department may approve the individual's application for services retroactive to the date the application was received if the individual's eligibility for services from that date can be established.

sufficient to meet the cost of the earliest request, the first subsequent request for airfare which can be met by the available funds shall be approved.
