by amending the stated public purpose for the

REMARKS:

At its December 14, 2006 meeting, under agenda item D-10, the Board of Land and Natural Resources (BLNR) approved the acquisition of government lands from Hawaii Community Development Authority. The public purpose for accepting this transfer, in part, was for the Department of Transportation's "manifested cargo and passenger operations."

Notwithstanding, DOT requests that the BLNR amend the stated public purpose for the subject lands such that it reads "for maritime and maritime related purposes." The requested amendment will provide DOT Harbors Division greater flexibility for its management of these lands and is consistent with other Executive Orders issued to DOT for harbor purposes.

Subject to BLNR approval, the "for maritime and maritime related purposes" shall be applicable to the issuance of the Management Right-of-Entry and recommended Executive Order to the Department of Transportation, both of which were previously approved by the

BLNR. In particular, the affected lands consist of approximately 58.596 acres, identified as Lot 3 of File Plan 2335, Parcels A and B, as shown on File Plan 2335, and Lot A-2, as shown on map 2 of Land Court Application 1328. The affected lands are further depicted on the attached map.

All other terms and conditions of the BLNR's prior action of December 14, 2006, under agenda item D-10, shall remain unchanged.

RECOMMENDATION:

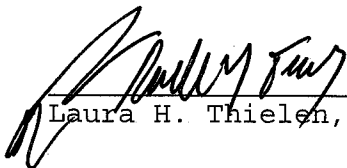

That the Board amend its prior action of December 14, 2006, under agenda item D-10, by amending the public purpose for the Department of Transportation for the subject lands as cited above, which is by this reference incorporated herein, such that it reads, "for maritime or maritime related purposes."
