The granting of this easement is for personal use through the State property. Specifically the easement is for access to and from the applicants' personal residence (Parcel 67). This easement should not be used in conjunction with a commercial operation located on Parcel 67. The easement currently under consideration did not require the property owner of Parcel 67 to do an environmental assessment or environmental impact statement. Many agricultural property owners are transforming farmlands into 'ecotourism' or 'agro-tourism' or business for weddings, birthday luaus, vacation rentals, classes, tours, etc. Such activities could or may impact the easement area (more buses and cars), the surrounding State property (Parcel 1), and adjacent private properties (traffic congestion, noise, sanitation). Therefore, if the property owner or its successor owners desires to use the easement area in conjunction with any proposed commercial activity, then the property owner and its successors and assigns shall first: (1) comply with Chapter 343, Hawaii Revised Statutes by performing an environmental assessment or if required, an environmental impact statement; and (2) obtain Land Board approval and, among other conditions, the Land Board may adjust the amount of the easement consideration to be paid to the State. The Land Board will review a formally accepted environmental assessment or environmental impact statement and will consider the commercial use of Parcel 67 and the easement, its impact to the environment and the community before rendering a decision on whether to approve or disapprove the request to use the easement area in conjunction with commercial activity on Parcel 67.

Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions.

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

2. Authorize the subject requests to be applicable in the event of a change in the ownership of the abutting parcel described as Tax Map Key: (2) 2-3-2:67, provided the succeeding owner has not had a lease, permit, easement or other disposition of State lands terminated within the last five (5) years due to non-compliance with such terms and conditions.
3. Subject to the Applicant fulfilling all of the Applicant requirements listed above, authorize the issuance of a perpetual non-exclusive easement to Peter and Debra Hepner covering the subject area for access and utility purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - A. The standard terms and conditions of the most current perpetual easement document form, as may be amended from time to time;
 - B. The easement shall run with the land and shall inure to the benefit of the real property described as Tax Map Key: (2) 2-3-2:67, provided however: (1) it is specifically understood and agreed that the easement shall immediately cease to run with the land upon the termination or abandonment of the easement; and (2) if and when the easement is sold, assigned, conveyed, or otherwise transferred, the Grantee shall notify the Grantee's successors or assigns of the insurance requirement in writing, separate and apart from this easement document;
 - C. Review and approval by the Department of the Attorney General; and
 - D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,
