Honolulu, Hawaii 96813

July 22, 2011

Board of Land and Natural Resources  
State of Hawaii  
Honolulu, Hawaii

**Declare Project Exempt From Requirements of Chapter 343, HRS, and  
Title 11, Chapter 200, Hawaii Administrative Rules for  
Job No. F58B631B, Wailoa River SRA, Hawaii – Wailoa Center  
Lighting and Electrical Improvements**

The Board of Land & Natural Resources approved the award of the construction contract for the subject project on August 12, 2010, however, a Chapter 343, HRS environmental analysis was not included in the approval.

This project generally consists of replacing deteriorated electrical equipment and lighting fixtures, by replacement of a water pump used for the Wailoa Center water fountain, and miscellaneous concrete and architectural repair work.

In accordance with Hawaii Administrative Rule Section 11-200-8(a) (1) and the Exemption List for the Department of Land and Natural Resources, Division of State Parks, as reviewed and concurred upon by the Environmental Council on December 4, 1991, the subject project is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, that states "Operation, repairs, or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing".

Refer to attached Exemption Notification labeled Exhibit A

**RECOMMENDATION:**

Declare that, after considering the potential effects of the proposed project as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

Respectfully submitted,

  
CARTY S. CHANG  
Chief Engineer

Requested by:

  
DANIEL S. QUINN, Administrator  
Division of State Parks
