PLUM HARVEST OPENS AT KOKE'E STATE PARK JULY 11

LIHU'E — The Department of Land and Natural Resources (DLNR) will open this year's season for plum harvesting at Koke'e State Park, Kaua'i, on Sunday, July 11, 2009. Plum harvesting season will run through Monday, August 16, 2009.

The plum crop this year is fairly good

Permits to harvest will be available at the Koke'e State Park Headquarters. There is no cost but forms must be completed and dropped in the box after harvesting. Harvesting is permitted between 7 a.m. and 5 p.m. in designated areas. Each person will be allowed to take up to five pounds of plums per day for personal consumption. Other conditions will be specified on the plum harvesting permit. A short pole with a net will make harvesting easier.

Plum pickers are reminded to help prevent forest fires and to pick up their litter. For more information, call the State Parks Office in Lihu'e at 274-3445.
