

KAMEHAMEHA SCHOOLS

November 30, 2010

Dale Bonar, Chair
Legacy Land Conservation Commission
1151 Punchbowl Street, Suite 325
Honolulu, Hawai'i 96813

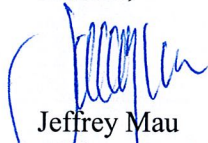

Regarding: "Clean Water and Natural Lands Fund" grant application to support the purchase of TMK 139008039 (Maunalua, O'ahu) for preservation of significant habitat and culturally important sites.

To the Legacy Land Conservation Commission:

I am writing in support of the proposed purchase of an approximately 5-acre parcel at 6888 Hawai'i Kai Drive, for the purposes of preserving identified cultural sites and areas that provide habitat for native waterbirds.

The purposes described above demonstrate clear alignment with the Clean Water and Natural Lands Commission's stated purpose of preserving both natural habitats and culturally important sites.

Mahalo,

Jeffrey Mau
Senior Asset Manager
Kamehameha Schools
