

# Proclamation

Peanut butter and jelly. Stars and stripes. Perry and Price. Some things are just better in pairs, and that's especially true of two of Hawai'i's most iconic voices. Since becoming KSSK's morning team in 1983, Michael W. Perry and Larry Price have been the top-rated adult contemporary morning show in Hawai'i.

A local institution, the dynamic duo of Perry and Price have earned generations of fans through the coconut wireless with their weekday show, their live Saturday morning show from John Dominis and their entertainment-filled live broadcasts from Las Vegas' California Hotel. As it reaches its silver anniversary, we wish to salute the two men who have given us some great memories and been a constant over 25 years of change in our islands. We are always comforted to hear, "Neva feah, da posse is heah."

We also want to express a sincere mahalo for all the work you have done, on and off the air, to improve our community. For a quarter century, you have been informing and entertaining your listeners, making them laugh – and occasionally making them shout at the radio in anger. Through it all, you have demonstrated strength of character and purpose while carrying yourselves with dignity and respect, and always being as loyal to your audience as to each other.

You are friends to thousands of Hawai'i residents, many whom you have never met. Your familiar voices on the radio help get each of their days started off right. We are proud to have "Moose" and "Coach" as part of our 'ohana, and we express our hope that we will continue to hear your voices on the radio for many years to come.

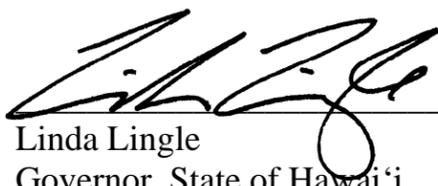

May the green flash never set on you!

**THEREFORE, I, LINDA LINGLE**, Governor, and **I, JAMES R. "DUKE" AIONA, JR.**, Lieutenant Governor of the State of Hawai'i, do hereby proclaim the month of **August 2008** as

## **PERRY AND PRICE MONTH**
