IT IS IMPORTANT THAT YOU REGISTER WITH A PRIVATE HOSPITAL BEFORE ARRIVAL IF YOUR PET WILL BE IN QUARANTINE AND NOT QUALIFIED FOR AIRPORT RELEASE.

Even though your pet is in quarantine and observed daily for abnormalities, you are still responsible for its health. **Owners must select, contact and register with a hospital** from the above list of security-approved veterinary hospitals. The Quarantine Station operates a dispensary to provide care for minor ailments and is not equipped to handle major medical problems. Should your pet become seriously ill while in quarantine, our veterinarian will call you as soon as possible. You are responsible to call the hospital to arrange for your pet's hospitalization. The hospital will call the station to confirm arrangement and request transport. We will transport your pet to the approved hospital at a nominal fee. Depending on the circumstances, your pet may be sent to the hospital if it is registered at the discretion of the station veterinarian if we are unable to contact you in a timely manner. **For the welfare of your pet, it is important that you update our office regarding your current home/work phone numbers and addresses.** Those who do not reside on Oahu must make special arrangements to handle health problems. We also suggest that you consult with your private veterinarian about the health care of your pet while in quarantine. Owners are responsible for transportation fees and all charges accrued at the hospital. **No refunds will be granted for the first two (2) days of hospitalization.** Refunds will be granted for each hospital day, at the daily quarantine rate, in excess of two (2) days during one period of hospitalization. **IN CASE OF EMERGENCY:** Private veterinary hospitals **WILL NOT** accept animals without prior contact with owners. Please make arrangements with one of the Approved Animal Hospitals to accept your pet(s) in case of emergency. **WE WILL NOT BE ABLE TO DELIVER YOUR PET IN AN EMERGENCY TO A PRIVATE HOSPITAL IF YOUR PET IS NOT REGISTERED WITH THAT HOSPITAL.**

Publication of this list does not imply that these hospitals are in any way superior to other veterinary hospitals in the State of Hawaii. It merely reflects the presence of adequate facilities which meet the premises security requirements established by the Board of Agriculture to receive quarantine dogs and cats for hospitalization.
