Effective Against Listed

Barn and Grain Insects

LAST CRAWL™ Insecticide Powder

OUTDOOR APPLICATIONS:

GRAIN TREATMENT: Evenly apply **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer to grain or seed at a rate of 1 lb (500 g) per ton as it is transferred into storage bins or silos. Treated grain may have reduced test weight, grade and flowability. *NOTE: Prior to application to licensed transfer elevators or for export, approval of use must be confirmed by purchaser.*

IN-TRANSIT APPLICATION: Prior to transporting grains, clean out box cars, ship holds and truck beds. Apply a light dusting of **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer to all walls and floors.

For storage areas it is recommended to re-apply **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer each time the storage area is emptied. Prior to transporting grains, clean out box cars, ship holds and truck beds and apply a light dusting of **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer to all walls and floors, with careful attention given to cracks, crevices and other areas where insects hide or crawl.

Prevention and Controlling Infestation: Clear away debris. Lightly dust all surfaces with careful attention given to cracks, crevices and other areas where insects hide with **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer at a rate of 1.8 oz. (3.5 tablespoons) per 108 sq. ft. (50 g per 10 m²). For best results, leave the treated area undisturbed for two or three days to eliminate existing and reoccurring infestations. For storage areas, re-apply **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer each time the storage area is emptied. Apply no more than once a week.

DRY POWDER APPLICATION: For best results, use in areas where dust application cannot be affected by heavy rains or high winds.

LAST CRAWL™ Insecticide Powder Grain Insect Destroyer is effective in killing indoor and outdoor insects including: Flour Beetles, Grain Beetles, Ants, Crickets, Darkling Beetles, Earwigs, Pillbugs, Silverfish, and Sowbugs.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container in a cool dry area and inaccessible to children and pets.

PESTICIDE DISPOSAL: To avoid waste, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

CONTAINER HANDLING (FOR COMMERCIAL USES): Paper

Bags: Non-refillable container. Do not reuse or refill this container. When empty, place in trash or offer for recycling if available.

WARRANTY STATEMENT

Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing dust. Wear dust filtering mask or respirator approved by NIOSH/MSHA. Wash thoroughly with soap and water and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

To protect the environment do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

LAST CRAWL™ Insecticide Powder Grain Insect Destroyer is a formula composed of fossilized microscopic diatoms also known as silicon dioxide.

LAST CRAWL™ Insecticide Powder Grain Insect Destroyer acts by lacerating the exoskeleton of insects that come in contact with the product, causing dehydration, resulting in the death of the insect.

LAST CRAWL™ Insecticide Powder Grain Insect Destroyer is not harmful to humans, animals or food when label directions are followed.

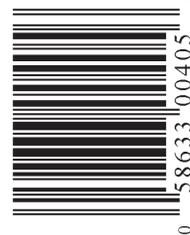

FOR COMMERCIAL USE:

Apply **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer with container provided or with a hand duster or power duster to areas where crawling insects are found. Apply **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer to cracks and crevices with the use of a bulbous duster or other suitable equipment. Apply lightly and uniformly.

INDOOR APPLICATIONS: Apply a light dusting of **LAST CRAWL™** Insecticide Powder Grain Insect Destroyer to areas where insects are found or may hide. Dust insect directly where possible. For use in grain storage and handling facilities, food-processing plants, other commercial and industrial sites, barns, dairy operations, transportation vehicles including truck beds, boxcars and ship holds, and flour mills and milling equipment for infestations of ants, silverfish, flour beetles, earwigs, sowbugs, pillbugs, and crickets. Dwellings: Clear away debris and apply dust behind appliances, cabinets, along baseboards, cracks, crevices and other places where insects hide or crawl. Product remains effective for as long as it remains dry and present. Apply no more than once a week.
