

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.  
**PESTICIDE STORAGE:** Store in original container in a cool dry area and inaccessible to children and pets.  
**PESTICIDE DISPOSAL:** To avoid waste, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).  
**CONTAINER HANDLING (FOR RESIDENTIAL/HOUSEHOLD USES):** If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.  
**CONTAINER HANDLING (FOR COMMERCIAL USES):** Paper Bags: Non-refillable container. Do not reuse or refill this container. When empty, place in trash or offer for recycling if available.

**WARRANTY STATEMENT**

Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing dust. Wear dust filtering mask or respirator approved by NIOSH/MSHA. Wash thoroughly with soap and water and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.  
**ENVIRONMENTAL HAZARDS**  
 To protect the environment do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**FIRST AID**

**If in Eyes:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**NOTE TO PHYSICIAN**

Low concentrations of silica dust may irritate the respiratory tract and eyes. Treat symptomatically.

**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-222-1222 for emergency medical information.

**DIATOMACEOUS EARTH**

**Effective for Control of Listed Home Crawling Insects**

**LAST CRAWL™**  
**Insecticide Powder**

**Insect Destroyer for Bedbugs & Pet Bedding**

**DIRECTIONS FOR USE** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding is a formula composed of fossilized microscopic diatoms also known as silicon dioxide. **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding acts by lacerating the exoskeleton of insects that come in contact with the product, causing dehydration, resulting in the death of the insect. **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding is not harmful to humans, animals or food when label directions are followed. **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding is effective in killing indoor and outdoor insects including: Ants, Bedbugs, Carpet Beetles, Centipedes, Crickets, Darkling Beetles, Earwigs, House Flies, Millipedes, Pillbugs, Silverfish, Sowbugs, and Spiders.  
**FOR DOMESTIC USE:** Apply **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding with container provided. **FOR COMMERCIAL USE:** Apply **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding with container provided or with a hand duster or power duster to areas where crawling insects are found. Apply **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding to cracks and crevices with the use of a bulbous duster or other suitable equipment. Apply lightly and uniformly. **INDOOR APPLICATIONS:** Apply a light dusting of **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding to areas where insects are found or may hide. Dust insect directly where possible. Dwellings: Clear away debris and apply dust behind appliances, cabinets, along baseboards, along edges and underneath carpets and rugs, bed frames, cracks, crevices and other places where insects hide or crawl. For infestations of Bedbugs, Ants, Silverfish and other listed insect pests: clear away debris and lightly dust all surfaces with **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding, giving careful attention to cracks and crevices. Apply **LAST CRAWL™** Insect Destroyer for Bedbugs and Pet Bedding behind appliances, cabinets, along baseboards, around pipes and drains, window frames, along edges and underneath carpets and rugs, bed frames, attics, basements and other places where insects are found or may hide. Product remains effective for as long as it remains dry and present. Apply no more than once a week. For best results the treated area should be left undisturbed for two to three days.  
**Pet Bedding:** Thoroughly dust animals' sleeping areas, as well as surrounding cracks, crevices, baseboards, behind pictures and wherever presence of insects is suspected.  
**Bedbugs:** Take apart bed and apply to cracks and crevices of your mattress. Apply underneath bed and around bed legs and inside box spring. Dust the bed frame, baseboards/moldings, wall voids and any other concealed cracks and crevices.  
**Carpet Beetles:** Thoroughly dust along baseboards, edges of carpeting, under furniture, under carpet and rugs and in closets and shelving or wherever these insects are seen or suspected.  
**OUTDOOR APPLICATIONS: Prevention and Controlling Infestation:** Clear away debris. Lightly dust all surfaces with careful attention given to cracks, crevices and other areas where insects hide with **LAST CRAWL™** Insecticide Powder Insect Destroyer for Bedbugs and Pet Bedding at a rate of 1.8 oz. (3.5 tablespoons) per 108 sq. ft. (50 g per 10 m<sup>2</sup>). For best results, leave the treated area undisturbed for two or three days to eliminate existing and reoccurring infestations.
