**CAUTION:** Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Applicators and other handlers must wear the following: Long-sleeve shirt; Long pants; and Shoes plus socks.

**USER SAFETY REQUIREMENTS**

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

### KEEP OUT OF REACH OF CHILDREN CAUTION

See additional precautionary  
statements on back.

**USER SAFETY RECOMMENDATIONS**

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

### IN CASE OF EMERGENCY, CALL A POISON CONTROL CENTER OR DOCTOR FOR TREATMENT ADVICE.

1-800-851-7145

Have the product container or label with you when calling a Poison Control Center or doctor or going in for treatment.

## Net Wt. 539 g / 1.19 lb.

**KILLS BUGS DEAD!**

Kills Mosquitoes that may carry West Nile Virus  
Kills: House Flies, Mosquitoes, Non-biting Gnats, Hornets, Moths, Fruit Flies, Box Elder Bugs, Wasps, Asian Lady Beetles and Yellow Jackets.

**For Use Indoors & Outdoors**

Kills and keeps on killing flies and mosquitoes around screen doors and windows for weeks.

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS**

- Apply this product only as specified on this label.
- Do not contaminate food or feedstuffs.
- Remove food and animals from premises prior to treatment.
- Do not apply this product directly to domestic (companion) animals.
- Do not water the treated area to the point of run-off.
- Do not make applications during rain.
- Do not apply when food is present.
- Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held. Exposed food should be covered or removed.
- Do not enter or allow others to enter treated area until sprays have dried.
- Do not enter or allow others to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Outdoor uses are limited to spot treatment only. Broadcast applications are prohibited.
- Application is prohibited directly to sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by this label. Do not allow the product to enter any drain during or after application.
- Remove pets, birds and cover fish aquariums and ornamental fish ponds before application, and turn aquarium systems off.

Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible.

It is recommended to check for potential staining and damage in an inconspicuous place before complete treatment.

**TO KILL FLYING INSECTS:**

**INDOORS: FLIES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING FUNGUS GNATS, FRUITFLIES:** There is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows.

Spray this product up into the air with a sweeping motion, keeping about 3 feet from interior walls, fabrics and furniture, until the room is thoroughly misted. Do not remain in treated area. Keep treated room closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry. For fast knockdown, spray directly at insects, keeping about 3 feet from interior walls, fabrics, and furniture. Spray directly on stray **WASPS, HORNETS, YELLOW JACKETS and ASIAN LADY BEETLES** that enter building.

For residual control of listed insects, spray screens and around doors and windows where insects enter from a distance of about 18 inches. Also,

**ENVIRONMENTAL HAZARDS:**

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean high water mark.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

**STORAGE AND DISPOSAL:**

**PESTICIDE STORAGE:** Keep this product in its tightly closed original container when not in use. Store in a cool, dry preferably locked area that is inaccessible to children and animals.

**CONTAINER DISPOSAL:** Do not puncture or incinerate! Nonrefillable container. Do not reuse or refill this container. If empty: This container

CONTAINS NO CFCs OR OTHER OZONE DEPLETING SUBSTANCES. FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS.

**MSDS Ref. No. MS0500385**  
EPA Reg. No. 70627-71  
EPA Est. No. 70424-CAN-001

Made in Canada

For Use In: industrial and institutional buildings, non-food areas of restaurants and other food handling operations, hospitals, nursing homes, care facilities, entries and vestibules, offices, schools and colleges, decks, patios, transportation facilities, airports, cruise ships, casinos, boiler rooms, garages, storage areas, correctional facilities, athletic facilities, locker rooms, health clubs, animal barns, lodging, bathrooms, and warehouses.

spray screens and doorways on patios.

**FOR RESIDUAL CONTROL OF MOSQUITOES DURING THE NIGHT:** treat the room at the rate of 8 seconds of spray per 1000 cubic feet. Close doors and windows, spray in a slight upward direction covering all areas of the room, staying about 3 feet from walls, fabrics and furniture. After spraying, close the door as you leave the room. Keep doors and windows closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry. Doors and windows may then be reopened.

**OUTDOORS: FLIES, MOSQUITOES, SMALL FLYING MOTHS, ASIAN LADY BEETLES, NON-BITING FUNGUS GNATS, FRUITFLIES, BOXELDER BUGS:**

To reduce annoyance of these insects, spray area when air is calm for best results. If a slight breeze is blowing, spray with the wind, allowing the spray to drift over the area to be treated staying at least 3 feet from plants and bushes. Allow a couple of minutes for product to take effect. Give special attention to breeding areas such as garbage cans and compost piles. Treat these areas from a distance of about 18" (inches) (½ meter) when possible. When spraying in garages be careful that spray does not contact painted surfaces of vehicles.

Before making the first application in a season, it is advisable to consult with the state or tribal agency with primary responsibility for pesticide regulation to determine if other regulatory requirements exist.

**PHYSICAL OR CHEMICAL HAZARDS:**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label. If recycling is not available, wrap the container in newspaper and discard in trash. If partly filled: call your local solid waste agency for disposal instructions.
