DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: Do not use in commercial food processing or preparation areas. In the home, cover all exposed food, food processing surfaces, and utensils during treatment. Do not spray food or feed crops. For both indoor and outdoor situations use training whenever possible, including positive (praise) and negative (sharply spoken word backed up with disciplinary action) reinforcement. This product repels dogs and cats for up to 24 hours when applied daily. Keeps pets away from furniture, carpet, trees, shrubs, garbage cans/bags, and other "forbidden" areas.

INDOOR USE: Use indoors to break your pet of undesirable habits such as sleeping on furniture and rugs or to keep out of "forbidden" areas. Always use with consistent training. Praise your pet for good behavior and scold for bad behavior.
Pre-treatment Directions: Before spraying large areas of rugs, fabrics or plastics, test the effect of this product by treating a small, inconspicuous area. This product may stain or soften some fabrics or plastics. To avoid possible damage, spray a piece of cloth lightly and place it on the object or area to be protected.
Application Directions: Spray the object lightly with this product until slightly moistened.
Re-treatment Directions: Repeat daily, or as necessary, until undesirable habit is broken.

OUTDOOR USE: Use outdoors to prevent dogs and cats from disturbing flower beds, areas of lawn, trees, shrubbery, fences, patio furniture, and garbage cans/bags.
NOTE: This product is not likely to break the established urination patterns of dogs unless it is used as a training aid.
Pre-treatment Directions: Stray animals are frequently attracted to areas where pets have soiled with feces or urine. To discourage repeat visits, remove any droppings and clean with water.
Application Directions: Do not apply directly to foliage of shrubs or to ornamental, soft-bodied plants. Do not apply to food or feed crops. Lightly spray surrounding soil or apply to a piece of cloth and affix near area to be protected every day.
Re-treatment Directions: Repeat daily, or as necessary, until undesirable habit is broken.
