ACTIVE INGREDIENTS:

Hydrogen Peroxide: 5.34%

Peroxyacetic Acid: 1.36%

Other Ingredients:..... 93.30%

Total: 100.00%

Net Weight: 1 Gallon

FIRST AID

If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.

HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. See inside panel for additional precautionary statements and directions for use.

GreenClean[®] FX

LIQUID ALGAECIDE

OPEN
for complete
directions

- Effective Over a Wide Range of pH Conditions
- Contains No Phosphates
- Activated Peroxygen Treatment

**FAST ACTING
ALGAE CONTROL!**

Easy To Use!

See inside booklet for
full instructions

Spot Treatment:

Apply GreenCleanFX Liquid Algaecide directly over infested area. Re-treatment is required when heavy growth occurs.

Liquid Treatment:

Spray GreenCleanFX Liquid Algaecide on the water surface from shore or a properly equipped boat.

Fast Acting Algae Control.
*Use on water gardens, ornamental ponds,
waterfalls, and fountains!*

KEEP OUT OF REACH OF CHILDREN DANGER-PELIGRO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand this label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or shielded safety glasses). Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray. Wash thoroughly with soap and water immediately after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. When prolonged or repeated contact may occur, use chemically resistant gloves and full body clothing.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment wash water or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the state or tribal agency responsible for pesticide regulation.

GreenCleanFX Liquid Algaecide should not be combined or mixed with any other pesticide concentrates.

This product is not intended as treatment against any public health organism for any use on this label.

WATER TREATMENT

CONTAINED WATERS - To suppress, control and prevent algae and cyanobacteria in contained waters such as Water Gardens, Fish Ponds, Ornamental Pools/Ponds, Ornamental Waterfalls, Fountains. Waters treated with GreenCleanFX Liquid Algaecide are permissible to be used without interruption.

DETERMINING WATER VOLUME

Measure length (L), width (W), and average depth (D) in feet (ft) or meters (m) and calculate volume using one of the following formulas:

Square/Rectangular:	Circular/Elliptical:
$L(ft) \times W(ft) \times D(ft) \times 7.5 = \text{Gallons}$	$L(ft) \times W(ft) \times D(ft) \times 5.9 = \text{Gallons}$
$L(m) \times W(m) \times D(m) \times 1000 = \text{Liters}$	$L(m) \times W(m) \times D(m) \times 786 = \text{Liters}$

$$\frac{\text{Avg. Length (ft)} \times \text{Avg. Width (ft)}}{43,560} = \text{acres}$$

APPLICATION METHODS

In bodies of water where an aerator is available, and when treating the entire water volume, dose at the edges, or in the turbulence created while the aerator runs to facilitate rapid and adequate mixing.

Spot Treatment:

Apply GreenCleanFX Liquid Algaecide directly over the infested area. Re-treatment is required when heavy growth occurs.

Liquid Treatment:

Spray solution on the water surface from shore or a properly equipped boat.

Injection Treatment:

Inject solution into the water via a piping system.

APPLICATION RATES

Algae Density	Teaspoons GreenCleanFX/ Liquid Algaecide 50 Gallons	Fluid Ounces GreenCleanFX/ Liquid Algaecide 500 Gallons	Dilution Rate	PPM Peroxyacetic Acid (Al)	PPM Hydrogen Dioxide (Al)
Low	3	5	1:12,600	1.1	3.8
Moderate	5	8.3	1:8100	1.6	6.6
High	7	11.6	1:5700	2.4	9.4

EFFECTIVENESS FACTORS

- Effects of GreenCleanFX Liquid Algaecide treatment are immediately apparent (bubbling, bleaching, & discoloration of algae).
- GreenCleanFX Liquid Algaecide treatments are successful when contact of the pesticide is made with the algae.
- When treating surface mats and blooms, it is possible that GreenCleanFX Liquid Algaecide will not penetrate the water column below the infested area, and a second application is then required for treating any bottom growing algae.

Apply more often during the summer months when water consumption and temperatures are high.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Store in original containers in a cool, well-ventilated area, away from direct sunlight. Do not allow product to become overheated in storage. This may cause increased degradation of the product, which will decrease product effectiveness. In case of spill, flood area with large quantities of water. Do not store in a manner where cross-contamination with other pesticides or fertilizers could occur.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

If empty – Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled – Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY - This material conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing, method of application, incompatibility with other chemicals, pre-existing conditions and other conditions influencing the use of this product are beyond the control of the seller. Buyer assumes all risks associated with the use, storage, or handling of this material not in strict accordance with directions given herewith. **NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE.**
