Lantern

PRODUCT CONTAINS:

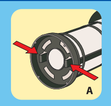
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: Only for outdoor use as an insect repellent. Do not use indoors, in tents or any enclosed area. Cover or remove all exposed food. Before lighting, make sure that candleholder has been secured by turning it clockwise until it clicks, and that lantern globe is securely on lantern base. Place lantern on a level stable surface or use handle to hang from a non-flammable garden hook that has been securely inserted into the ground and confirmed to be stable. Do not cover lantern with any material while in use. Do not move lantern when lit. If hanging lantern from a hook, allow unit to cool before removing. To avoid fire hazard, do not place mats, matches or other foreign matter near candle flame. Do not place lantern near underground wires or gas lines. Do not place lantern near combustible material such as dry vegetation, clothing or fuels. Do not leave lantern unattended or use in windy conditions. Never burn candle unattended. Clean with a damp cloth only when the lantern is cool and inactive. Do not use anything other than ThermaCELL® mats and candles in the lantern. Never cut, bend or alter shape of mat. Mats may cause staining; do not let mats contact other surfaces. Failure to follow these instructions could result in personal injury or property damage.

INSTRUCTIONS FOR ASSEMBLING AND USING LANTERN:

1. Remove lantern from base by squeezing latch tabs on lantern bottom ***(A)*** and pulling out lantern top ***(B)***.



2. Remove bag from inside lantern and take out contents: ThermaCELL® repellent mat, candle, and candle holder.

3. Take ThermaCELL® repellent mat out of wrapper and insert under grill on lantern top ***(C)***.

4. Place candle into candle holder with wick upright ***(D)***.

5. While holding lantern base upright, insert candle and candle holder up through bottom ***(E)*** and turn right (clockwise) in direction of arrow ***(F)*** until candle holder clicks into place. **Make sure candle holder dicks into place.**

6. Set lantern base down on a level surface and light candle ***(G)***.

7. Replace lantern on the base ***(H)***. **Be sure to push down on lantern until it clicks into base.**

8. When finished using lantern, extinguish candle by blowing into grill top.

To Replace Candle and/or Repellent Mat: Replace candle and repellent mat only when lantern is cool and not in use. Remove candle holder from base of lantern by turning left (counterclockwise). Discard used candle. Insert new candle. Use only ThermaCELL® candles; other candles may not provide correct amount of heat to optimally release repellent, reducing effectiveness. To replace a used repellent mat, push the used repellent mat out by inserting a new mat.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store lantern and unused mats in original packaging in a cool, dry place inaccessible to children and pets. **Pesticide Disposal:** Non-refillable container; do not refill or reuse this container. **Used Mats:** Do not reuse empty packaging; place empty packaging and used mats in trash or offer for recycling, if available. **Unused mats:** Call your local solid waste agency for disposal instructions. Never place unused mats down any indoor or outdoor drain. **Candle:** After allowing candle and lantern to cool, remove used up candle and place in trash. Retain candle holder for future lantern use. **For unwanted lantern: P**lace in trash or offer for recycling, if available.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If On Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for further treatment advice. **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-866-753-3837, Monday through Friday, 8:30 a.m. to 4:30 p.m. EST. After 5 p.m., call your poison control center.

Physical and Chemical Hazards

Do not touch the grill while the lantern is in use; the grill is hot while in use.

Environmental Hazards

This product is toxic to fish, shrimp and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment wash water or rinsate. Drift may be hazardous to aquatic organisms in water adjacent to treated areas.

Warranty: Seller will not be held responsible for damage, injury or poor performance caused by use of other candles or repellent mats.

Guarantee: Lantern is guaranteed to last 1 year from date of purchase. If lantern fails to perform to your satisfaction, send the lantern and receipt to The Schawbel Corporation for a full refund of purchase price or repair or replacement.
