PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or safety glasses) and protective gloves when handling. Harmful or fatal if swallowed or absorbed through skin. Avoid contamination of food. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Open dumping is prohibited. Store in original container in areas inaccessible to children.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Fill container ¼ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide disposal instructions. Repeat two more times. Then offer for recycling if available or puncture and dispose in sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinsate. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.

FOR HOSPITAL, INSTITUTIONAL AND INDUSTRIAL USE

Sani-Tex should be an integral part of any carpet maintenance system. Routine application will not only clean the carpets, but sanitize and deodorize for a cleaner, longer lasting carpet.

Sani-Tex is a low foaming carpet shampoo formulated for use with extraction and carpet steam cleaning equipment. *Sani-Tex* contains "twin chain" quaternary ammonium compounds to reduce and control the growth of gram negative and gram positive odor causing bacteria.

Sani-Tex is fortified with odor counteractants to neutralize unpleasant malodors. Recommended for use on wet cleanable synthetic fibers, but not recommended for use on wool carpets.

Sani-Tex effectively and economically lifts and removes greasy soil, resists resoiling and utilizes "built-in" defoamers for more productive use.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CLEAN, SANITIZE, AND DEODORIZE CARPETS:

STEAM EXTRACTION: Vacuum carpet thoroughly. Mix two (2) ounces of *Sani-Tex* per gallon of water. Inject and extract as you would any steam cleaning shampoo.

SPIN BONNET (BONNET BUFF) CLEANING: Vacuum carpet thoroughly. Mix four (4) ounces of *Sani-Tex* per gallon of water. Bonnet on carpet at rate of 200-300 sq. ft. per gallon.

HEAVY DUTY SPIN BONNET (BONNET BUFF) CLEANING: Vacuum carpet thoroughly. Mix sixteen (16) ounces of *Sani-Tex* per gallon of water. Spray on carpet at rate of 200-300 sq. ft. per gallon.

NOTE: Test color fastness of carpet before use. Apply diluted cleaner to a small concealed spot, then rub with clean white cloth. If color transfers to cloth or changes, a water-based product should not be used.

NOTE: Not recommended for use on (Fifth Generation) Stain-Resistant Nylon Carpets. Consult carpet manufacturer's warranty and maintenance instructions for proper use.

After cleaning, set carpet pile in one direction with a stiff brush (carpet pilator). Place aluminum foil under legs of furniture while carpet is drying. Over-wetting can cause shrinkage of carpet.

Manufacturer assumes no responsibility for over-wetting or misuse.
