DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For best results, read and follow all label directions.

BEFORE YOU USE	<ul style="list-style-type: none"> • Do not apply near lakes, streams, rivers, or ponds. • Do not apply to trees whose fruits or nuts are intended to be eaten. • Do not apply to soils which are water-logged or saturated. • Bucket or measuring utensils should not be used for any food or drinking water purposes after use with this product.
HOW TO USE	Determine the amount to use by measuring the distance around the tree trunk or height of the shrub. Pour the required amount into a bucket of water and empty the bucket around the base of the tree/shrub.

DIRECTIONS FOR USE (Cont'd)

CONTROLS

Adelgids, Aphids, Black Vine Weevil Larvae, Roundheaded Borers (including Eucalyptus Longhorned Borers), Flatheaded Borers (including Bronze Birch and Alder Borers), Japanese Beetles (adult), Lacebugs, Leaf Beetles (including Elm Leaf Beetles and Zibnum Leaf Beetles), Leafhoppers, Leafminers (including Birch Leafminers), Mealybugs, Pine Tip Moth Larvae, Psyllids, Royal Palm Bugs, Sawfly Larvae, Scales (including Armored Scale and Soft Scale), Thrips, Whiteflies

HOW MUCH TO APPLY

- TREES: 1 oz per inch of distance around trunk
- SHRUBS: 3 oz per foot of height

TREE WITH ONE TRUNK

Measure distance in inches around tree trunk at chest height. A flexible tape measure is the recommended tool. This is the number of ounces of Bayer Advanced Garden™ Tree & Shrub Insect Control to apply.

TREE WITH 2 OR MORE TRUNKS

Measure the distance in inches around each tree trunk and add together. Multiply this total by 0.75 to get the required number of ounces of Bayer Advanced Garden™ Tree & Shrub Insect Control to apply.
Example: A tree has 4 trunks. They measure 20, 10, 5 and 5 inches or a total of 40 inches. 40 X 0.75 = 30 ounces.

SHRUBS

Measure the height of the shrub to the nearest foot. Round any inches down to the nearest foot if less than 6" and up to the nearest foot if greater than 6". Multiply the number of feet by 3. This is the number of ounces of Bayer Advanced Garden™ Tree & Shrub Insect Control to apply.

Do not make more than one application per year.

HOW TO APPLY

- Fill a bucket or watering can with 1 gallon of water. For trees with circumference greater than 50", use 2 gallons of water.
- Shake the bottle of Bayer Advanced Garden™ Tree & Shrub Insect Control well.
- Carefully measure required amount of product into bucket.
- Slowly pour the solution evenly around the tree/shrub. For best results, pour as close to the TRUNK/main stem of the plant as possible.
- Fill the bucket with clean water and pour it around the trunk as well.

FOR BEST RESULTS

Use this product as part of an overall tree and shrub health care program before problems start - preferably in the fall. Bayer Advanced Garden™ Tree & Shrub Insect Control can be applied anytime except when the ground is waterlogged or frozen. These conditions inhibit the movement of the product down into the root zone. During prolonged dry periods, water the tree/shrub well the night before making an application.

NOTE: Application to trees heavily infested may not prevent their eventual loss due to existing pest damage and tree stress.

For severe infestations, treat with a foliar insecticide such as Bayer Advanced Garden™ Rose & Flower Insect Killer, then use Bayer Advanced Garden™ Tree & Shrub Insect Control as part of a routine care program.

HOW IT WORKS

The insecticide dissolved in water moves down through the soil, where it is absorbed by the roots. Once absorbed, it moves up through the tree or shrub providing year-long insect protection. Bayer Advanced Garden™ Tree & Shrub Insect Control even moves into new growth after application, thus protecting it, too! To get complete protection, the insecticide must distribute completely through the tree/shrub.

Depending on the size and health of the plant, this may take one week to three months (for very large trees). Rain or water cannot wash off this internal protection.

Children and pets may re-enter the treated area after it has dried.

IMPORTANT - Directions for Storage and Disposal

STORAGE CONDITIONS
Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.

DISPOSAL

- Do not reuse empty container.
- Rinse the empty product container thoroughly and dispense the rinse water around tree or shrub as part of application.
- Place in trash.

Important: It is best to use all of the product in accordance with label directions. Never pour insecticide down a drain or storm sewer. If it is necessary to dispose of unused product, please follow any applicable state and local guidelines.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

- Causes moderate eye irritation.
- Avoid contact with skin, eyes, or clothing.
- Wash thoroughly with soap and water after handling.

FIRST AID +

IN CASE OF ACCIDENTAL...	IMMEDIATELY...
SWALLOWING	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor.
CONTACT WITH EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. You may call toll-free 877-229-3763 for medical emergency information. Active Ingredient: 1.47% Imidacloprid (CAS # 138261-41-3).

ENVIRONMENTAL HAZARDS

- This pesticide is toxic to aquatic invertebrates. Do not apply directly to lakes, streams, rivers or ponds.
- Do not dump rinse water into sewers or other bodies of water.
- Apply this product only as specified on this label.

NOTICE: Research and testing have determined that the "Directions for Use" are appropriate for the proper use of Bayer Advanced Garden™ Tree & Shrub Insect Control under expected conditions. The Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

Money Back Guarantee: If you are not satisfied with this product, we will gladly refund your original purchase price.
