Bacteriostatic Pitcher Cartridge™

EACH CARTRIDGE TREATS **99** GALLONS OF WATER

The Science of Cleaner Water

Easy to install
Replace when pitcher indicator says "00"

Active Ingredient: 16%
Bromine* 84%
Other Ingredients 100%
Total 100%
*from Poly-1-hydroxy-5-methyl-5 (4'-vinylphenyl) hydantoin
U.S. EPA Reg. No. 72083-6 U.S. EPA Est. No. 072083-CHN-001
CA Reg. No. 72083-6-AA

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID	
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by poison control center or doctor. Do not get anything to an unconscious person.
IF SWALLOWED	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
HOTLINE NUMBERS	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. Call CHEMTREC at 1-800-424-9300 (poisonic, North America) or +1-703-627-3887 (international), collect calls accepted for emergency medical treatment information. For additional emergency information, call the National Pesticides Information Center at 1-800-858-7378, 8:30 AM to 4:30 PM Pacific Time (PT), seven days a week. During other times, call the poison control center 1-800-252-1222.

Better water begins here Bacteriostatic Pitcher Cartridge

For Bacteriostatic Pitcher System

- Removes objectionable taste and odors
- Outperforms water pitchers that lack antimicrobial power
- Cartridge inhibits spoilage to prolong filter life
- Inhibits the growth of non-public health bacteria in the reservoir
- Reduces organic contaminants

This HaloPure BR media is tested and certified by NSF International against NSF/ANSI Standard 42 for material requirements only.

COMPONENT
NSF certified ISO9001:2008 registered production facility.

- Easy to use handle
- Particulate filter
- Seal
- Adsorptive technology to remove taste, odor & color compounds
- HaloPure antimicrobial media
- Flow control

PURE

PURE

Bacteriostatic Pitcher Cartridge™

The HaloPure Bacteriostatic Pitcher Cartridge is a bacteriostatic water treatment cartridge for use in point-of-use drinking water pitchers. The cartridge is only for use in drinking water pitchers that treat potable water or municipal water treated in accordance with the Safe Drinking Water Act.

The cartridge removes objectionable tastes and odors from drinking water. The cartridge inhibits spoilage and the growth of odor-causing bacteria in the cartridge to prolong the life of the filter. The cartridge inhibits the growth of non-public health bacteria within the water cartridge and reservoir. The cartridge keeps water fresh in storage by inhibiting odor-causing bacteria from fouling the water.

The HaloPure Bacteriostatic Pitcher Cartridge is designed to treat water that has been pretreated by devices that reduce organic matter content in water, such as reverse osmosis units and filters, prior to treatment by the HaloPure Bacteriostatic Pitcher Cartridge. When used with devices that reduce organic matter, the HaloPure Bacteriostatic Pitcher Cartridge may also be used with water conditioners, coolers and various other water treatment devices. Do not use the HaloPure Cartridge with any drinking water treatment devices employing ozone or hydrogen peroxide. This product is not designed to treat salt water, waste water, or raw, untreated water, and is not a drinking water purifier.

Active Ingredient:	
Bromine*	16%
Other Ingredients	84%
Total	100%
*from Poly-1-bromo-5-methyl-5(4'-vinylphenyl) hydantoin	

EPA Reg. No. 72083-6

CA Reg. No. 72083-6-AA

EPA Est. No. 72083-CHN-001

Net Contents: 1 Cartridge
Cartridge Contents: 6g of HaloPure BR

PRECAUTIONARY STATEMENTS HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Wear goggles or face shield. Harmful if swallowed or inhaled. Avoid breathing dust or vapors. Avoid contact with skin or clothing. Wear long sleeved shirt, pants, socks and shoes. Wear chemically resistant gloves such as latex gloves when handling product or opened container. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Bromine is toxic to fish and wildlife. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans or other public water unless in accordance with the requirements of a National Pollution Discharge Elimination System permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For further guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Do not open Mylar cartridge package until immediately before pitcher assembly. Long-term exposure to room air can harm the cartridge.
1. Thoroughly wash hands with soap and water, open and remove cartridge from Mylar bag. Discard small desiccant container inside bag.
 2. Submerge cartridge in cold water and soak for 15 minutes.
 3. Hand-wash pitcher, lid and reservoir with mild soap – do not use abrasive cleaners. Rinse well.
 4. Rinse cartridge under cold, running tap water for a few seconds.
 5. Place damp cartridge into reservoir. While gripping cartridge ring, press and twist firmly into the reservoir tube.
 6. Fill the reservoir with cold water and allow water to fill the pitcher. Discard your first two full pitchers of water.

Keep the pitcher in cool place. Refrigeration is suggested. Keep pitcher away from direct sunlight. Do not put hot water in the pitcher. For maximum efficiency do not process more than 2 gallons per day. Replace the cartridge when the indicator instructs.

The HaloPure cartridge will keep water fresh in the water storage reservoir and inhibit bacterial fouling of the container. The cartridge is effective through 375 liters (99 gallons), after which time the cartridge must be replaced.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product must be disposed of onsite or at an approved waste disposal facility.

PESTICIDE STORAGE: Store in a cool, dry place. Keep pesticide container closed when not in use. Avoid contact with strong oxidizing agents and other chemicals. Avoid excessive heat.

PESTICIDE DISPOSAL: Securely wrap cartridge and dispose in a sanitary landfill, or by other approved state and local procedures. Nonrefillable container. Do not reuse or refill this container. **DO NOT** incinerate or burn the cartridge.

- Avoid direct exposure to the bead material sealed inside the cartridge. The bead material is a bromine pesticide.
- The cartridge contains a corrosive pesticide, bromine. Do not handle or eat bead material inside of cartridge.
- Dispose of used cartridge properly. Do not burn cartridge.
- Do not tamper with or open the cartridge.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with label directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
