Blocks mosquitoes which may carry WEST NILE VIRUS

Keep Out of Reach of Children
CAUTION

See Back of Label for Directions for Use.

Directions For Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For outdoor use or for use in semi-enclosed areas such as porches and patios. Place candles around perimeter of the area to be protected. Use 1 candle per 13 square feet, 2 candles per 26 square feet, 3 candles per 39 square feet. Place candle on a heat-resistant surface, away from anything flammable and out of reach of children and pets. Keep wick trimmed to 1/4 inch (6mm) at all times. Do not blow out or extinguish with water, smother flame to extinguish. Never leave a burning candle unattended.

For maximum protection, light candle(s) and allow a molten pool of wax to fully form around the wick, approximately 20-30 minutes. Mosquitoes are blocked by the inhibitor plume produced by the candle(s). If you can smell the fragrance from the candle, you are in the inhibitor plume. Burns for 25 - 35 hours (burn time is dependent upon candle size).

Storage: Store in a cool, dry place.

Disposal: Do not reuse this container. Place in trash or offer for recycling if available.
