KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15- 20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. **If inhaled:** Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. **If swallowed:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center of doctor, or going for treatment. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide information Center at 1-800-858-7378.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Wash hands before eating, drinking, chewing gum, using tobacco or using bathroom facilities. Avoid contact of areas under foil wrapper with skin and eyes.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To install or replace the Dragonfly® Octenol Lure in mosquito traps. Disconnect the power supply and remove the bottom cover of the Dragonfly® Electronic Biting Insect Trap. Remove the Octenol Lure by unscrewing the hold-down screw and pulling the lure out of its slot. Open the foil bag and insert the replacement Octenol Lure through one of the two slots in the bottom of the unit. The Octenol Lure is asymmetrical and will insert in only one direction so that it is always properly positioned. Replace the hold-down screw. Replace the bottom cover of the Dragonfly® Electronic Biting Insect Trap, connect the power, and turn the unit on. In everyday use, the Octenol Lure will last 60 days.

To install or replace the Octenol Lure in Nightwatch Bedbug Traps. Disconnect the power supply and remove the vented cover from the Nightwatch Bedbug Trap. Remove the Octenol Lure from its packaging and then remove the adhesive cover sealing the lure orifice. Place the lure in the top Nightwatch Bedbug Trap such that it rests on the thermal lure. The lure attaches to a mounting pin, and the concave bottom of the lure housing maximizes heat transfer from the thermal lure. Heat from the thermal lure activates the Octenol release. Octenol is released through the orifice at the top of the lure. Replace the vented cover over the lure. In everyday use, the lure will last 7 days.

Storage and Disposal: Cartridge Storage. Store this product on a cool, dry place out of reach of children until ready to use. **Cartridge Disposal:** Nonrefillable container. Do not reuse or refill attractant cartridge. Dispose of used attractant cartridge in the trash or offer for recycling if available.

WARRANTY AND DISCLAIMER: BioSensory, Inc. makes no warranty of merchantability. Fitness for any particular purpose or otherwise, express or implied, concerning this product or its uses which extend beyond the use of the product under normal conditions in accordance with the statement made on this label.
