Clear Choice™ CONCENTRATE

REDUCED ACTIVE INGREDIENT FORMULATION*

**Convenient,
Low Odor Formula!**

Won't harm lawns when used as directed †

Kills listed broadleaf weeds in lawns - right down to the root.

KILLS: Dandelions, Plantains, Clover, Chickweed, Bedstraw, Black Medic, English Daisy, Curled Dock, Heal-all, Ground Ivy (Creeping Charlie), Knotweed, Ragweed, Shepherd's Purse, plus over 60 other lawn weeds.

See Inside Booklet for Precautionary Statements and Directions for Use

For use on home lawns.

US Patent Pending

* When compared to other pesticides containing these active ingredients.

† Important: Do not apply to Bentgrass and Floratam. See full list of controlled weeds and use directions on peel-away label.

MADE IN CANADA (MAY CONTAIN IMPORTED PARTS) for:

KEEP OUT OF REACH OF CHILDREN

See Inside Booklet for Directions for Use

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

STORAGE AND DISPOSAL:

Do not contaminate other pesticides, fertilizers, water, food, or feed by storage or disposal.

Pesticide Storage: Keep out of reach of children and animals. Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Store in a cool, dry place, preferably in a locked storage area.

Pesticide and Container Disposal:

If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If recycling unavailable, place container in trash.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTE TO PHYSICIAN:

Contains Petroleum Distillate. May pose an aspiration pneumonia hazard.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all label directions.

PRECAUTIONS AND RESTRICTIONS

- † Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- † Do not allow people or pets to enter the treated area until sprays have dried.
- † Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when windy. To prevent run-off, do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day. Rinse applicator over lawn or garden areas only.
- † Do not apply as a fine mist because of potential injury to desirable plants.

ADDITIONAL PRECAUTIONS AND RESTRICTIONS

- † Do not apply through any type of irrigation system.
- † Do not apply near lakes, streams, rivers, ponds, or ditches. Do not apply by air.
- † Do not use more product than specified on the label.
- † Do not apply when the lawn or turf is under severe stress from drought, insect attack or high temperatures.
- † Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants. Do not apply in windy conditions.
- † Newly seeded lawns or turfs may be treated after the third mowing.
- † Do not irrigate within 24 hours of application.

IMPORTANT: Do not use this product on Bentgrass and Floratam, a variety of St. Augustine grass. Certain hybrid Bermudagrasses vary in tolerance to this product. Temporary discoloration may occur, in particular on St. Augustine and Centipede.

APPLICATION DIRECTIONS

WEEDS CONTROLLED IN TURF OR LAWN AND ORNAMENTAL AREAS: Bedstraw, Bindweed (field), Birdsfoot trefoil, Black medic, Blackseed plantain, Blueweed, Brambles, Broad-leaved plantain, Buckhorn plantain, Bull thistle, Burdock, Buttercup, Canada thistle, Carolina geranium, Chickweed, Chicory, Clover, Cocklebur, Common chickweed, Crowsfoot, Daisy fleabane, Dandelion, Devil's paint brush (hawkweed), Dock (curled), English daisy, Evening primrose, Fall dandelion (fall hawkbit), False dandelion, Fleabane, Florida pusley, Frenchweed poison oak, Grass leaved stitchwort, Ground ivy, Hawkweed, Heal-all, Heibit, Honeysuckle, Jimsonweed, Knotweed, Kochia, Kudzu, Lamb's-quarters, Little starwort, Mallow, Morning glory, Mouse-ear chickweed, Mustards, Narrow-leaved plantain, Oxalis (yellow woodsorrel), Ox-eye daisy, Pennywort/Dollarweed, Peppergrass, Pigweed, Pineapple weed, Plantains (narrow, buckhorn, broadleaf), Poison ivy, Poonjee, Povertyweed, Prostrate pigweed, Purslane, Ragweed, Russian thistle, Sandwort (thyme-leaved), Sheep sorrel, Shepherd's purse, Smartweed (green), Soliva, Sow thistle, Speedwell (purslane leaved), Spotted spurge, Spreadwell (annual), Spurge, Stitchwort, Stonecrop (mossy), Sumac, Veronica (thyme-leaved), Vervain, Velch, Violet, Wild aster, Wild blackberry, Wild carrot, Wild garlic, Wild geranium, Wild lettuce, Wild onion, Wild radish, Wild raspberry, Yarrow, Yellow hawkweed

HOW TO USE

- † To treat small areas or individual weeds use a hand or pressure sprayer.
- † Use a hose-end sprayer when treating entire lawns or large turf areas.
- † Apply 6 to 12 gal. of Clear Choice Concentrate/acre. Use higher rate when weed pressure is high, especially when there is heavy cover.
- † Mix 1 part of Clear Choice Concentrate with 9 parts of water to make a 10% solution.
- † Shake the spray solution before and during application.
- † Aim at center of weed and spray to lightly cover. Do not overspray.
- † Adjust nozzle to deliver small spray droplets for uniform coverage of the target weed.
- † Weeds begin to die after 12 hours. It may take up to 4 weeks for a weed to completely die.

IMPORTANT: Do not use this product on Bentgrass and Floratam, a variety of St. Augustine grass. Certain hybrid Bermudagrasses vary in tolerance to this product. Temporary discoloration may occur on St. Augustine and Centipede lawns.

WHEN TO USE

- † Spray when weeds are young and actively growing.
- † Do not water within 24 hours after spraying.
- † Apply when daytime temperatures are above 45° F and below 90° F.
- † Do not apply when the lawn or turf is under severe stress from drought, insect attack or high temperatures.
- † Do not use more product than specified on the label.
- † Newly seeded lawns may be treated after the third mowing.
- † If the turf or lawn is dry, water 24 hours before using this product.
- † For good turf or lawn management, normally five applications per year per treatment site are adequate. This does not include spot treatments.

ANNUAL APPLICATION MAXIMUM	APPLICATION MAXIMUM	APPLICATION INTERVAL
Limited to 2 broadcast applications per year. Limited to 2 spot treatments per year.	The maximum rate (12 gal./acre) for a single application is 0.430 lb ae/acre (0.518 lb DMA salt/acre) (0.243 lb, 2,4-D ae, 0.157 lb MCPP-p ae, 0.030 lb Dicamba ae per acre per application)	Repeat application if needed, but with no less than 30 days between applications.

USE DIRECTIONS

For lawn or turf other than Bentgrass and Floratam.

Dilute 1 part Clear Choice Concentrate with 9 parts of water to make a 10% solution. Spray the diluted solution at the rate of 17.6 - 33.3 oz. of diluted solution on 100 sq. ft. Avoid overlapping between spray patterns. Each gallon of this product, when diluted correctly, treats up to 7260 sq. ft.

Warm Season Grasses: Centipede, St. Augustine

Use reduced rates if grass is stressed from heat or drought. Exercise care when applying during growth stages from dormancy to green-up and from green-up to dormancy. Some temporary discoloration may occur on warm season grasses. These grasses are sensitive to 2,4-D and great care should be taken to prevent overdosing.

NOTE: Care should be taken to avoid overdosing Centipede and St. Augustine grasses or injury may result. Large volumes of spray water will aid in obtaining uniform coverage. If hand-type sprayers are used, it is preferable to use a single nozzle sprayer rather than a multiple nozzle boom as sideways application with a boom where the spray from more than one nozzle is allowed to fall on the same area will result in heavy local over-application and subsequent discoloration or injury.

Warm Season Grasses: Bahia, Common Bermuda, and Zoysia

Use reduced rates if grass is stressed from heat or drought. Exercise care when applying during growth stages from dormancy to green-up and from green-up to dormancy. Some temporary discoloration may occur on warm season grasses. **NOTE:** Some hybrid Bermuda grasses may be sensitive to this product. Contact your local extension service weed control specialist.

STORAGE AND DISPOSAL

Do not contaminate other pesticides, fertilizers, water, food, or feed by storage or disposal.

Pesticide Storage: Keep out of reach of children and animals. Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Store in a cool, dry place, preferably in a locked storage area.

Pesticide and Container Disposal:

If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If recycling unavailable, place container in trash. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONDITIONS OF SALE AND LIMITATIONS OF WARRANTY AND LIABILITY

It is impossible to eliminate all risks inherently associated with the use of this product. Injury to desirable plants, ineffectiveness, or other unintended consequence may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Petro-Canada Lubricants, the manufacturer or seller. All such risks shall be assumed by the buyer. To the extent consistent with applicable law neither Petro-Canada Lubricants, the manufacturer nor seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Except as provided by applicable law or except as warranted by this label, Petro-Canada Lubricants, the manufacturer or seller makes no warranties, guarantees, or representations of any kind, either express or implied; or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to, merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. Except as provided by applicable law, buyer's or user's exclusive remedy, and Petro-Canada Lubricants', the manufacturer's or seller's total liability, shall be for damages not exceeding the cost of the product.
