ACTIVE INGREDIENT:
SODIUM DICHLORO-S-TRIAZINETRIONE99%
DIHYDRATE1%
INERT INGREDIENTS1%
TOTAL100%
AVAILABLE CHLORINE.....55%

Net Contents 2 lb (907.2g)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.]

This product is intended for use in controlling bacteria and algae in spas. This product must be added directly to the surface of circulating water according to the directions. It is recommended that spas and hot tubs be drained every 30 – 90 days, more often if under heavy use.

Reentry into treated spas is prohibited above levels of 3 parts per million (ppm) of chlorine.

Start Up: Before using this product, make sure that the filtration system is clean and operating properly. Adjust the pH of the water to a range of 7.2 – 7.6 using suitable products and a reliable test kit. Adjust the alkalinity of the water to 125 ppm based on a test kit reading. Add a sufficient amount of this product directly to the surface of circulating water to raise the free chlorine level in the water to 5-6 ppm (mg/L) based on a test kit reading. Addition of one ounce of this product for each 1,000 gallons of water will increase the free residual chlorine by 4 ppm (mg/L).

Maintenance: Add this product daily or as needed to maintain the free chlorine residual in the water at 1 – 3 ppm (mg/L) as indicated by a reliable test kit. Weather and usage effect sanitizer levels. Maintain the pH at 7.2 – 7.6 and the alkalinity at a range of 125 ppm. Addition of ½ ounce of this product for each 1,000 gallons of water will increase the free residual chlorine by 2 ppm (mg/L).

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals:

HAZARD: CORROSIVE: Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Irritating to nose and throat. Open in a well-ventilated area. Do not get in eyes, on skin, or on clothing. Do not breathe dust, vapor or spray mist. Wear safety glasses, face shield or goggles and rubber gloves. Wash hands after handling and before eating, drinking and chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARD: D A N G E R : Strong Oxidizing Agent. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire or explosion. In case of contamination or decomposition, do not reseal container. If possible isolate each container in open air or well-ventilated area away from heat or open flame and burning material (like a lighted cigarette).

STORAGE & DISPOSAL:

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame . Nonrefillable container . Do not reuse or refill this container . Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. For disposal of a contaminated or decomposing product see emergency handling.

EMERGENCY HANDLING: In case of contamination or decomposition – Do not reseal container. Immediately remove container to an open and well ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.
