### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.

### PERSONAL PROTECTIVE EQUIPMENT

All mixers, loaders, applicators and other handlers must wear: long sleeved shirt and long pants, socks and shoes, chemical resistant gloves (such as any waterproof material, selection category A), chemical resistant apron and chemical resistant eyewear.

### USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining personal protective equipment (PPE). If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

### USER SAFETY RECOMMENDATIONS

User should wash hands before drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/personal protective equipment immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. User should remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish, aquatic invertebrates and clams.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PoolPals™ 3-0 Poly Algaecide is used to control the growth of algae in swimming pools, heated swimming pools, exterior whirlpools, hot baths, and decorative fountains.

### SWIMMING POOLS, HEATED SWIMMING POOLS, EXTERIOR WHIRLPOOLS, AND HOT BATHS

For maximum effectiveness of PoolPals 3-0 Poly Algaecide in swimming pools, heated swimming pools, exterior whirlpools, and hot baths, those with heavy growth of algae must be cleaned prior to using this product. For pools having just visible algae growth, add an initial dose of 13-24 fluid ounces of this product per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 12-22 fluid ounces of this product per 10,000 gallons of water. To maintain pools free of visible algae growth, subsequent additions of 2-27 fluid ounces of this product per 10,000 gallons of water must be made every 5-7 days after the initial treatment.

Uniform distribution of PoolPals 3-0 Poly Algaecide throughout the water in the pool is necessary for maximum effectiveness. This product is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. This product can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

For spas, whirlpools or hot tubs, use an initial dose of 0.5 to 12 fluid ounces per 1,000 gallons of water. For subsequent additions, add 0.2 to 9 fluid ounces per 1,000 gallons of water every 5 to 7 days after initial treatment for maintenance.

### STORAGE AND DISPOSAL

**DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.**

**RESIDENTIAL USE:** Keep container closed when not in use. Store in an area inaccessible to children and persons unfamiliar with its use. Leaking or damaged containers must be placed in a plastic bag and discarded in the trash. Mop up spills with clear water. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If not, discard in trash.

**PESTICIDE STORAGE:** Do not stack more than four (4) drums high. Leaking or damaged drums should be placed in over-pack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill. Triple rinse (or equivalent), then offer for: recycling or reconditioning, or puncture and dispose in a sanitary landfill, incineration, or, if allowed, by state and local authorities, burning. If burned, stay out of smoke.
