

Do it Best **COMMERCIAL**
WASP & HORNET KILLER
DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not use in commercial food processing, preparation, storage or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food should be covered or removed. Remove pets and birds and cover fish aquariums before spraying.

For Control of Nests of Wasps, Yellow Jackets, and Hornets: The best time to spray is in the early morning or early evening, when air temperature is cooler and most insects are in the nest and little activity is observed around the nest opening. Spray only if it is not windy. Stand a safe distance from the nest, not directly underneath it. Hold container upright at arms length, pointing the actuator at nest and spraying the opening of the nest first. Then spray the rest of the nest until it is saturated. Treated insects will fall out of the nest and die. Any insects returning to the treated nest will also be killed. Wait 48 hours before removing the nest. Foliage of desirable plants contacted during spraying should be hosed off with water.

For Control of Ants and Spiders: (Outdoors only) For Ants and Spiders found in areas such as electric service boxes, water meter boxes, telephone boxes, along house foundation, foundation vents, sills and ledges, etc., spray in short bursts to contact pests. Ant trails, runways, and hills should also be sprayed as necessary. Do not spray foliage of desirable plants. If spray does contact foliage, hose off with water.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in a cool dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling: Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.
