**No Bite****FLEA AND TICK MIST**

Contains NYLAR® Insect Growth Regulator

**DIRECTIONS FOR USE:** IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

**READ ENTIRE LABEL BEFORE EACH USE.** USE ONLY ON DOGS AND CATS. CONSULT A VETERINARIAN BEFORE USING THIS PRODUCT ON DEBILITATED, AGED, PREGNANT OR NURSING ANIMALS. DO NOT TREAT DOGS UNDER 6 MONTHS OF AGE WITH THIS PRODUCT. DO NOT TREAT CATS UNDER 7 MONTHS OF AGE WITH THIS PRODUCT.

**FOR DOGS AND CATS:** Cover animal's eyes with a hand. Do not spray directly on mouth, nose or eyes. Spray head, ears and chest until damp. With fingertips, rub into face, and around mouth, nose and eyes. Then spray from the neck to the tail, finishing legs last. For best penetration of spray to skin and on heavy-coated animals, direct spray against the natural lay of the hair, spraying the ruffled hair directly behind the hand. Make sure the spray thoroughly wets ticks. When used on miniature and toy breeds of dogs or on cats, towel dry the animal after 1/2 hour if not totally dry. Repeat treatment every 3 months. Avoid contact with genitalia.

**FOR PUPPIES OVER 6 MONTHS AND KITTENS OVER 7 MONTHS:** Wrap the animal in a towel that has been sprayed lightly with this product. Leave eyes, nose and mouth exposed.

Put some spray on the finger and gently rub around eyes, nose and mouth area. Keep animal wrapped for 5 to 10 minutes. Fleas may then be removed from the coat by picking or combing. For best results, all dogs and cats should be treated with a similar flea control product such as IGR No-Bite to prevent reinfestation. Do not spray directly on puppies and kittens. Repeat treatment every 3 months. Avoid contact with genitalia. Sensitivities may occur after using any pesticide product on pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**FOR USE IN PET AREAS AND OTHER AREAS WHERE PETS FREQUENT:** Treat pet bedding and other pet resting areas as these are primary hiding areas for fleas and ticks. To reduce infestation, spray around sleeping areas and baseboards, window and door frames, wall cracks, local areas of floors and other resting places until the surface is slightly moist. Also spray the entire inside surface of animal holding areas. For best results, treat pet bedding, animal quarters and other resting areas. No need to remove pet bedding after treatment. Do not allow pets to use treated areas until completely dry.

**TO CONTROL OTHER LISTED PESTS:** Apply as a direct spray to control accessible stages of listed insects. Spray to thoroughly wet exposed insects. Direct spray into hiding places, cracks and crevices, along baseboards and around door and window frames.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store in cool, dry place. Always store pesticides in the original container. Store away from food and pet food.

**PESTICIDE STORAGE AND CONTAINER HANDLING:**

Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**FIRST AID****IF SWALLOWED:**

- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or a doctor.
- Do not give any liquid to the person.
- Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eyes.
- Call a poison control center for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS****CAUTION**

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters or rinsate.

**PHYSICAL OR CHEMICAL HAZARDS**

**FLAMMABLE.** Keep away from heat and open flame.
