TABLETS

EASY TO USE – ONE TABLET TREATS ONE LITER OF WATER

aquamira®
Technologies, Inc.

WATER PURIFIER TABLETS
make contaminated water suitable for drinking.

Improves Taste of Treated Water

Kills at least **99.99%** of bacteria (*Klebsiella terrigena*) and viruses (*Poliovirus* and *Rotavirus*) and **99.9%** of cysts (*Giardia muris* and *Cryptosporidium parvum*) within 4 hours

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
To use: Remove one tablet from its foil packaging with a knife or scissors and quickly insert into 34 fl. oz. (1 liter) of contaminated water. Allow to react for 4 hours in an opaque container or in the dark, to generate a use solution of 4 ppm chloride dioxide. The treated water is now ready for drinking.
Note: Tablets are in a childproof package. Please use a knife or scissors to open.

STORAGE AND DISPOSAL
Store in a cool, dry area away from sunlight and heat and in an area inaccessible to children. Place empty foil pouch in trash.

aquamira Chlorine Dioxide
Technologies, Inc. **WATER PURIFIER TABLETS**

FIRST AID

If In Eyes: Hold eye open and rinse slow and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Then continue rinsing the eye. Call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product label with you when calling a poison control center or doctor, or when going for treatment.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals.

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Harmful if absorbed through skin or swallowed. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses, protective clothing and rubber gloves). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS – This product is toxic to fish and other aquatic organisms.

PHYSICAL / CHEMICAL HAZARDS

Keep away from combustible, organic or other readily oxidizable materials.

STORAGE AND DISPOSAL

Store in a cool, dry area away from sunlight and heat and in an area inaccessible to children. Place empty foil pouch in trash.
