AQUAMIRA WATER TREATMENT: PART A

Active Ingredients:

Chlorine Dioxide.....2%

Other Ingredients.....98%

Total: 100% Net Vol. 2 FL. OZ. (60ml)

CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PHOSPHORIC ACID ACTIVATOR: PART B

Active Ingredients:

Phosphoric Acid.....5%

Other Ingredients.....95%

Total: 100% Net Vol. 2 FL. OZ. (60ml)

CAUTION:

Harmful if swallowed. Avoid direct contact with skin, eyes or clothing.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Follow directions for mixing and storage and disposal. Use only according to label directions.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

STORAGE: Water container should be sufficiently sealed to prevent outside contamination and direct sunlight if water is to be stored for a long period of time. If proper precautions are not taken, additional treatments may be necessary. For best results, cap bottles tightly and store away from heat and sunlight. Contact with extreme heat or extended direct sunlight will reduce the effectiveness of Aquamira Water Treatment.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

EMERGENCY HANDLING: In case of contamination or decomposition, do not reseal container. Isolate in open, well-ventilated area. Flood with large volumes of water.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS: Stabilized chlorine dioxide is a strong oxidizing agent. Do not mix with any other chemicals.

Use before expiry date.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Aquamira® Water Treatment 2oz. - Item# 67203
MADE IN USA

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1) Prior to treatment, clean and disinfect the water storage container and lid.
- 2) Place equal parts Aquamira Water Treatment (Part A) and Phosphoric Acid Activator (Part B) in a clean cup to pre-mix. Use the following ratios per container:

Water	Aquamira®
2 ½ Gal. (9.5 L)	½ tsp. A & ½ tsp. B
5 Gal. (19 L)	1 tsp. A & 1 tsp. B
30 Gal. (114 L)	2 Tbs. (1oz) A & 2 Tbs. (1oz) B
60 Gal. (227 L)	4 Tbs. (2oz) A & 4 Tbs. (2oz) B

- 3) Let mixture react for 5 minutes to ensure full activation.
- 4) Fill container with appropriate volume of water and add contents of cup.
- 5) Shake or stir and let stand for 15 more minutes. If water is very cold or turbid, let stand for 30 minutes.
- 6) Water is now ready for use.

aquamira®
