Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice. **Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IN CASE OF EMERGENCY CALL: 1-800-654-6911**

This product is a granular formulation that helps clear away slimy yellow and mustard algae in swimming pools. When used as directed, Ultima® Yello-Free® Algaeicide clears water quickly and can be used in any type of swimming pool. Swimming may be resumed several hours after treatment.

Compatible with all sanitizers including bromine, chlorine, salt water, ozone and minerals.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO REMOVE VISIBLE YELLOW OR MUSTARD ALGAE:

(All dosages are for 15,000 gallons of water).

1. Brush walls and floor areas affected by yellow algae accumulations.
2. Apply 6 oz. (1 pouch) of this product per 15,000 gallons of water as close to the affected areas as possible. For severe accumulations, double the above dosage.
3. Superchlorinate by adding 1½ gallon liquid chlorinating compound or 1½ lb. (pound) of a dry chlorinating compound per 15,000 gallons. Swimming may be resumed a few hours after treatment.

WEEKLY MAINTENANCE TREATMENT:

TO PREVENT ACCUMULATION OF YELLOW ALGAE:

(All dosages are for 15,000 gallons of water).

1. With water temperature over 80 degrees, add 6 ounces (1 pouch) of this product with 1½ gallon of liquid chlorinating compound or ½ pound of a dry chlorinating compound once a week.
2. With water temperature under 80 degrees, add 3 ounces (½ pouch) of this product and ¾ (three-quarters) gallon liquid chlorinating compound or ¾ lb. of a dry chlorinating compound once a week.
