Spa Algaecide ~ Non-foaming

FIRST AID
If in Eyes: Hold eyelids open and rinse slowly with water for 15 – 20 minutes. Remove contact lenses, if present, after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
IN CASE OF EMERGENCY CALL:
 1-800-654-6911
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

This product is efficient, economical and stable in use dilution. It is compatible with most chemicals used in spa or hot tub water and will not damage tile, concrete, metal or plastics. Do not pre-mix with any foreign material, such as soap or other chemicals before application. This product works best when added in several places by itself directly to spa or hot tub water with the pump running. Wait 15 minutes before entry of swimmers. Spas or hot tubs with heavy growth of algae should be cleaned prior to using this product.

DIRECTIONS FOR USE:
 It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

INITIAL TREATMENT: For visible algae growth or slimy interior, add 6-8 ounces of this product per every 500 gallons of spa water. For best results, spas containing heavy algae growth should be drained and cleaned prior to treatment.

MAINTENANCE: After the initial treatment, keep your spa free of algae growth by adding 1-2 ounces per every 500 gallons of spa water every 5-7 days. This product is compatible with other spa chemicals. It can be used in conjunction with chlorine or bromine and may reduce the amount of those chemicals required.

IMPORTANT NOTE: Always apply chemicals separately. Never combine them.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS
 This product is toxic to fish and aquatic organisms.

STORAGE AND DISPOSAL
 Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
