** OTHER INGREDIENTS:99.50%

100.00%

* Cis/trans ratio: Max. 55% (+/-) cis and Min. 45% (+/-) trans.

** Contains petroleum distillate

KEEP OUT OF REACH OF CHILDREN

CAUTION:

See Side Panel for Additional Precautions

READ ENTIRE LABEL BEFORE EACH USE

NET WT 5 OZ (142 g)

This product is Step 3 of a three step lice control system.
Step 1: Kill lice with a lice killing shampoo. Re-apply in 10 days.
Step 2: Comb out eggs & nits with a combing gel.
Step 3: Clean home. Use a multi-use lice spray for non-washable items. Washables should be washed in hot water and dried in high heat.

FIRST AID

- If on skin or clothing:**
- Take off contaminated clothing.
 - Rinse skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or doctor for treatment advice.
- If in eyes:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
 - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 - Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222.

NOTE TO PHYSICIAN

Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions:

- Do not allow adults, children, or pets to enter until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated.

PEEL
BACK
HERE

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.

- In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.
- Remove pets, birds and cover any water inhabited by fish (such as aquariums and ornamental fish ponds) before application. Turnoff aquarium filtering systems before spraying and wait approximately 15 minutes after application before turning the filter back on.
- **This product is not for use on humans.** If lice infestations should occur on humans, use a product labeled for use on humans.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Not for broadcast use on indoor residential surfaces.

SHAKE WELL BEFORE USING

Remove protective cap. Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8-10 inches (12 to 15 inches for baseboards, moldings and floors). Test product on an inconspicuous area before applying to check for possible staining or discoloration. Inspect again after drying. Spray to the point of dampness but not run-off. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

To kill *Lice* and *Louse* eggs: Clean home. Use this product for non-washable items. Washables should be washed in hot water and dried in high heat. Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, then proceed to spray entire area to be treated. Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8 to 10 inches. Spray each square foot for three seconds. Spray to the point of dampness but not run-off. Allow all sprayed articles to dry thoroughly before use. If lice infestation occurs on humans, use a product labeled

for use on humans. Spray only those articles and parts of bedding including mattresses and furniture that cannot be either laundered or dry-cleaned. Do not use on sheets or pillowcases.

Bedbugs: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and floors. Spray to the point of dampness but not run-off. After mattress is dry, cover with mattress cover and sheet. Do not use mattress without cover. Retreat if infestation occurs, but not more than once every two weeks.

To Kill *House Dust Mites (Dermatophagoides spp.)* a multi-use lice spray controls house dust mites that may cause asthma, hay fever, rhinitis, watery eyes and sneezing. One treatment lasts for up to 8 weeks. **On Upholstered Furniture** - test fabric in an inconspicuous area to insure dyes will not bleed. Spray all fabric surfaces until damp. Do not use on delicate fabrics. Allow furniture to dry thoroughly before using. **On Carpets** - Spray over entire carpet until damp. Hold nozzle approximately 12 to 18 inches from the carpet surface and spray in a sweeping motion. Use an overlapping pattern to insure total coverage. After application, brush the surface of the carpet with a broom or brush to insure deep penetration. Allow carpet to dry thoroughly before reentering the treated area. Drying time can be accelerated by using a fan. **On Mattresses** - Spray the top, bottom and sides of mattresses until damp, paying particular attention to tufts and seams. Allow to dry thoroughly before using. After mattress is dry, cover with mattress cover and sheet. Do not use mattress without cover. Vacuum entire area once dry. Since vacuuming stirs dust up in the air those with allergies should have another person vacuum or should wear a dust mask and use vacuum with a high efficiency particulate (HEPA) filter.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Do not transport or store below 32°F (0°C).

Pesticide Disposal and Container Handling: Do not puncture or incinerate.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP (253-2687) for disposal instructions.

NOTICE: To the extent consistent with applicable law, purchaser assumes all responsibility for safety and use not in accordance with directions.

Satisfaction guaranteed - Or we'll replace it or give you your money back. For questions or comments please call 1-888-287-1915.
