Domestic Cats
Product EPA Reg# 80917-5

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals. Caution: Avoid contact of mouth, skin, or eyes. Wash hands before eating, drinking, chewing gum, using tobacco or using bathroom facilities.

Environmental Hazards. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Storage: Store in a cool, dry place.

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Shake-Away®

Fox Urine Granules

Directions for Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General: Animals use urine to communicate in the wild. When they repeatedly smell a predator's odor, animals conclude it's a "dangerous" place and choose instead to move elsewhere. Shake-Away® Fox Urine Granules uses the same laws of nature to protect your yard and garden. Shake-Away® Fox Urine Granules creates the illusion that foxes are present in your lawn or garden.

Application Directions:

Use Restrictions: This product is not for direct application to plants intended for human consumption (i.e., food plants). Apply only to the perimeter of where food plants are grown. To create a repellent barrier, apply this product to soil, ground cover, bark mulch, perimeter vegetation and non-food vegetation adjacent to food plants.

General use in yards, around gardens:

SHAKE WELL BEFORE USING Apply Shake-Away® Fox Urine Granules twice a week for the first two weeks, then twice a month for maintenance. Sprinkle Shake-Away® Fox Urine Granules lightly in and around areas where animals are causing damage, or in areas you want to protect. Allow up to two to three weeks for Shake-Away® Fox Urine Granules to take full effect.

Coverage: Use one ounce of Shake-Away® Fox Urine Granules for every 30 linear feet. Each bottle of Shake-Away Fox Urine Granules will cover up to 855 linear feet when applied as directed.

Can be used for
Small Critters

Rabbits, Groundhogs,
Possums & Woodchucks

Creates the illusion that predators are present in your lawn or garden
