KEEPS MICE OUT OF ENCLOSED STORAGE AREAS

WARRANTY: 100 DAY MONEY BACK GUARANTEE

This innovative product was invented out of necessity. I was offended by the smell of moth balls and the unpleasant odors we found in our farm implements in the spring, so I came up with a botanical alternative that would both freshen and protect storage areas for up to three months. This product offers a kinder way to repel rodents from vacant storage areas.

I wish to personally thank you for purchasing this product. In doing so, you support American farmers, less advantaged communities and our precious environment. As always, I welcome your comments and suggestions.

You can contact me by calling 1-800-583-2921 or by visiting us at www.earth-kind.com

WARRANTY: 100 DAY MONEY BACK GUARANTEE

If this product does not perform to claims when used as directed, send cash register receipt, UPC code on back of box and reason for dissatisfaction to Earth-Kind, Inc.

**General Information:** FRESH CAB® repels by odor that is offensive to rodents, but not offensive to humans. This product can be used effectively to repel rodents from treated areas for up to 30 days.

**Directions for use:** It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Indoors:** Use in non-living areas (attics, basements, cellars, storage areas, garages, sheds, pantries and barns). Place one scent pouch per 8 square feet in areas to be protected (i.e. use 4 pouches in a single car garage or one pouch in a pantry). Replace when scent has diminished. Length of effectiveness depends on air exchange rates and temperature.

**Enclosed Spaces:** Use in autos, RVs, airplanes, boats, tractors, trucks, electric junction boxes, etc. Place four scent pouches per storage unit per season to freshen the average size camper, boat, truck or auto. Replace scent pouches when scent has diminished. The product lasts up to 30 days in cold storage areas. Length of effectiveness depends on air exchange rates and temperature condition of storage areas.

**Storage and Disposal:** Do not contaminate water, food, or feed by storage and disposal.

**Storage:** Store in original container in cool, dry place, inaccessible to children and pets. Keep container tightly closed to prevent evaporation.

**Disposal:** Nonrefillable container. Do not reuse or refill this container. Promptly dispose of used pouches in the trash so as not to attract ravenous mice. Contents and packaging are biodegradable.

**Notice:** Buyer assumes all responsibility for safety and use not in accordance with directions.

# FRESH CAB®

BOTANICAL RODENT REPELLENT

EPA Reg. No. 82016-1
