

Enforcer®

Roots & All® Plus 365 Concentrate

- ▶ Solvent Based
- ▶ Water Emulsifiable
- ▶ Top Kill
- ▶ Soil Sterilant
- ▶ Concentrated
- ▶ Non-Selective

ACTIVE INGREDIENTS:
Bromacil (5-bromo-3-sec-butyl-6-methyluracil)... 2.30%

INERT INGREDIENTS: 97.70%

TOTAL: 100.00%

CONTAINS PETROLEUM DISTILLATES.
Contains 0.175 lbs. of active ingredient per gallon of undiluted product.

KEEP OUT OF REACH OF CHILDREN
WARNING

See side panel for additional
precautionary statements

NET CONTENTS: 5 GALLONS (18.9 LITERS)

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

WARNING: Causes substantial but temporary eye injury. Harmful if absorbed through skin. Do not get in eyes or on clothing. Avoid contact with skin.
PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear: - long-sleeved shirt and long pants - chemical resistant gloves - shoes plus socks - Protective eyewear. Remove contaminated clothing and wash clothing before reuse. Follow manufacturer's instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS:

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thorough and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

FIRST AID STATEMENT

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:** Contains petroleum distillates - vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DESCRIPTION OF PRODUCT: This liquid weed killer is composed of 5-bromo-3-sec-butyl-6-methyluracil (bromacil) in a phytotoxic oil. The oil carrier combines the properties of low volatility with rapid penetration and translocation in the plant. The insolubility of the herbicide in water assures full effect regardless of rainfall after application or stage of growth at the time of application. It produces rapid top kill of all succulent vegetation. Translocation and root absorption of component herbicides produce extensive root kill of weeds and provide long term residual control.

GENERAL PRECAUTIONS AND RESTRICTIONS: ENTRY RESTRICTION: Do not enter or allow others to enter the treated area until sprays have dried. Do not apply with product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during applications. Not to be used in any recreational areas or in or around homes. Do not apply more than 12 lbs. active ingredient per acre per year.

GENERAL WEED CONTROL: This product can be used to control most weeds for an extended period of time on non-cropland areas such as loading ramps, fence rows, railroad sidings, storage yards, parking lots, around buildings and industrial plant sites. Do not apply this product to areas where the roots of desirable plants such as trees or ornamentals will come into contact with it, as injury might result. Do not use on lawns, driveways, walks or similar areas. Avoid spray drift to susceptible plants, as this product may injure cotton, beans, peas, grapes, ornamentals, etc. Do not contaminate domestic water or irrigation water and keep from contact with fertilizer, insecticides, fungicides and seeds. Vapors from this product may injure susceptible plants in the vicinity. Coarse sprays are less likely to drift. Thoroughly clean all traces of product from application equipment immediately after use. Use a suitable chemical cleaner, then wash with detergent and rinse with clear water. Do not contaminate water sources by cleaning of equipment or disposal of wastes.

APPLICATION INSTRUCTIONS: Any application equipment such as: Power sprayers, Compressed air hand sprayers, Knapsack sprayers or Sprinkler cans, is suitable for applying this product. Equipment should be calibrated so as to assure application of the recommended amount of material. To control annual weeds and grasses such as Foxtail, Ryegrass, Wildoats, Crabgrass, Cheatgrass, Broomsedge, Ragweed, Lambsquarters and Turkey mullein, dilute one gallon of this product to 9 gallons of water and apply 5 gallons of the diluted spray, per 1,000 square feet. For hard to kill perennial weeds and grasses such as Johnson grass, Salt grass, Bouncing Bet, Bracken fern, Horsetail, Smooth brooms, Canada bluegrass, Purpletop, Quackgrass, Broomsedge, Aster dandelion, Dog fennel, Goldenrod, Plantain and Wild carrot, dilute one gallon of this product to 9 gallons of water and apply 10 gallons of diluted spray per 1,000 square feet. This concentrate may be applied at any time of the year except when the ground is frozen. Best results are obtained after predominant weeds have emerged and developed to a point where they present a problem.

STORAGE & DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
PESTICIDE STORAGE: Do not expose product to heat, spark or open flame. Store container in a cool dry location. Do not expose product to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use. **CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **(For containers 5 gallons or less:)** Triple rinse container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain product with a dry absorbant and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures.

WARRANTY STATEMENT: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
