PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID: IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIANS:** Contains petroleum distillate - vomiting may cause aspiration pneumonia. **HOT LINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of Medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling National Poison Control at 1-800-222-1222.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to fish and other aquatic organisms. Do not apply directly to water.

PHYSICAL HAZARDS: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Do not apply to classrooms when in use. - Do not apply in hospital patient rooms while occupied or in any rooms occupied by the elderly or infirm. - Do not use in aircraft cabins. - Do not apply to institutions (including libraries, sport facilities) in the immediate area when occupants are present. - Do not apply as a broadcast application in residential/household areas.

This product works in two ways: 1) it kills bugs fast on contact; and 2) its residual action keeps on killing German Cockroaches and Houseflies for up to 3 months after you spray.

SHAKE WELL BEFORE EACH USE. Hold container upright. Do not spray up into air. Apply to surfaces only. Remove protective cap and direct spray away from face. Hold can 12-15 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray surface until slightly wet but not to the point of runoff. Over application may cause damage. This product will not stain surfaces or fabrics where water alone causes no damage.

Remove pets, birds and cover fish aquariums before spraying. Do not allow dogs or cats to re-enter treated area until spray deposits have dried.

Cover all food processing surfaces before treatment or thoroughly wash after treatment. Cover or remove food prior to treatment.

This product is intended for use in and around structures and their immediate surroundings. Permitted areas of use include (but are not limited to): basements, bathrooms, boats, campers, clothes storage, condominiums, garages, kitchens, pet sleeping areas, recreational vehicles, storage areas, apartment buildings, cafeterias, crematoriums, day care centers, factories, food/feed areas of food processing plants, food service establishments, food manufacturing and warehousing establishments, hotels, hospitals, industrial plants, jails, kennels, motels, mausoleums, mess halls, morgues, nursing homes, office buildings, other public buildings, pet grooming parlors, prisons, railroad cars, recreational areas, restaurants, schools, ships, supermarkets, taverns, theaters, trailers, trains, transportation vehicles, trucks, truck trailers, utility rooms, warehouses, washrooms and zoos.

Food/Feed Handling Establishments: For control of all labeled pests, applications are permitted in the food/feed areas of food/feed handling and processing establishments as a general surface, spot or crack and crevice treatment. Do not apply as a space spray. Do not apply in the food/feed handling areas of the facility when the facility is in operation or foods/feeds are exposed. Do not apply directly to food/feed products. Cover or remove all food/feed processing and/or handling equipment prior to application. After application in food/feed processing plants, cafeterias and similar facilities, wash all equipment, benches, shelving and other surfaces that will contact food or feed. After application in bakeries, clean all food contact surfaces with appropriate equipment.

Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. Included also are areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) of food/feed. Serving areas where food/feed is exposed and the facility is in operation are also considered food/feed areas.

Non-food/non-feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage (after packaging, canning or bottling). All areas that insects inhabit or through which insects may enter should be treated.

INDOORS: Cockroaches including adult and immature stages of both non-resistant and organophosphate and carbamate resistant strains, **ants**, **boxelder bugs**, **centipedes**, **crickets**, **beetles**, **firebrats**, **fleas**, **palmetto bugs/waterbugs**, **sowbugs** and **ticks**: Apply as a general surface, spot or crack & crevice treatment to all areas where these pests crawl and hide especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases, and similar areas. When pests are driven out, spray directly. Repeat after 4 weeks or if re-infestation occurs. **Ants:** Spray around ant trails, doors and windows and other places where ants enter the house. Repeat after 4 weeks or if re-infested occurs. **Carpenter Ants:** For effective control, locate and treat nests and surrounding areas. Apply around door and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat after 4 weeks or if re-infestation occurs. **Ticks (including ticks which may carry Lyme disease) and Fleas on Surfaces:** Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult fleas contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat after 2-4 weeks or if re-infestation occurs. **Spiders:** Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and into other areas where these pests are found. **Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks:** Apply around doors and windows, baseboards, storage areas and other locations where these pests are found.

SILVERFISH, CRICKETS, SPIDERS, EARWIGS: Apply to areas where these pests are found. **PANTRY PESTS - Beetles, Moths, Weevils, Flour Beetles (Red & Confused), Grain Beetles (Rusty, Merchant and sawtoothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths:** Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food utensils. Repeat if re-infestation occurs. **Carpet Beetles (Black, Furniture and Varied) and Dermestid beetles (Hide/Larder/Leather):** Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat if re-infestation occurs. **Webbing or Clothes Moths:** Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat if re-infestation occurs.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. **STORAGE:** Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Do not transport or store below 32°F. **DISPOSAL:** Do Not Puncture or Incinerate! IF EMPTY: Place in trash or offer for recycling if available. IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
