

06.21.12.v18

AXIOM

Harpino β , the active ingredient in Axiom, is derived from naturally occurring harpin proteins. Axiom stimulates the plant's natural growth and defense systems, enhancing overall plant health. Use Axiom to boost overall plant growth, vigor and production, and to aid in the management of disease.

Use Axiom on all plants grown indoors and outdoors, including:

- Vegetables, Fruiting Trees, Berries, Vines, and Herbs
- Roses & other Flowers
- Floating and Emergent Aquatic Plants in Containerized Water Gardens and Ornamental Pond
- All Ornamental Plants such as Trees Shrubs and Turf

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Add one packet to 1 gallon of water and mix thoroughly.
- Apply mixed product to plant foliage with a pump sprayer, mister or other suitable applicator.
- Apply as a fine mist for most efficient coverage.
- Apply when plants are actively growing. For best results, continue applications every 3 weeks until first frost or until plants become dormant.
- Apply product the same day it is mixed. Re-apply if it rains within 30 minutes of application.
- Carefully reseal opened packets to minimize exposure to air and moisture. Use opened packets within 3 weeks.

STORAGE & DISPOSAL:

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE:

Store dry and out of direct sunlight. Do not store in temperatures over 110°F for more than 7 days.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused products down an indoor or outdoor drain.

PRECAUTIONARY STATEMENTS: CAUTION

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. Harmful if inhaled. Avoid breathing dust or spray mist. Remove and wash contaminated clothing before reuse. Wash your hands after use. People and pets may enter treated areas after spray has dried.

If Inhaled:

FIRST AID

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency medical treatment information, call the National Pesticide Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific Time, seven days a week. During other times, call the poison control center at 1-800-222-1222.

ENVIRONMENTAL HAZARDS:

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind and rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street back onto the treated area of the lawn or garden will help prevent runoff to water bodies or drainage systems.
