# Proof<sup>®</sup>

**A Smarter, Faster, Safer  
Way to Control Bed Bugs**

PROOF<sup>®</sup> is the only product that kills 100% of bed bugs and eggs on contact and keeps killing both for up to 3 weeks\*. This plant-based spray is even effective against pesticide-resistant bed bugs and eggs.

PROOF's patent-pending technology unleashes the botanical power of neem to create a zone of protection at home and while traveling.

PROOF is easy to use. Spray your suitcases and belongings, in and around beds and living areas, and use it on the go. **PROOF** smells strong... and it works.

**Terramera**

Made in the USA

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**Caution:** Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**First Aid - If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. • **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Have the product container or label with you when calling a poison control center, doctor, or going for treatment. • For emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 seven days a week, 7:30 am to 3:30 pm Pacific Time (NPIC Web site: [www.npic.orst.edu](http://www.npic.orst.edu)).

**PHYSICAL AND CHEMICAL HAZARDS - Flammable.** Keep away from heat and open flame. Do not spray around open flame or heat sources or in electrical sockets. Any goods or equipment that use power must be unplugged before being treated. Check to ensure any electrical equipment is completely dry before reconnecting to a power source.

**STORAGE AND DISPOSAL** • Store in a cool dry place out of reach of children and pets and away from direct sunlight, windows, flames and other sources of heat or ignitions. Keep containers tightly closed and in original containers when not in use. Do not store exposed to ultraviolet light (sunlight) or moisture. Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**DIRECTIONS FOR USE** • It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label. Use strictly in accordance with precautionary statements and directions, and with applicable state and Federal regulations. Use PROOF to control bed bugs. Use PROOF around the home and other indoor spaces. PROOF works to kill bed bugs for up to 2 weeks and bed bug eggs for up to 3 weeks, and can be used to prevent bed bug infestations. PROOF is a ready to use liquid spray for indoor use. Do not dilute. Shake well prior to use. PROOF works as a direct or indirect treatment. **For Direct Treatment:** Apply PROOF to kill bed bugs or eggs by spraying directly. **For Indirect Residual Treatment:** Apply PROOF to surfaces and fabrics to kill or prevent bed bug infestations.

Spray surfaces until moist. Allow all treated areas to dry completely before use. For optimal performance, close doors and windows and turn off air circulation (e.g. heaters, air conditioners). Leave treated areas undisturbed for at least 4 hours after treatment. After 4 hours, return to normal ventilation and allow reentry. Use PROOF on a variety of indoor surfaces, fabrics and materials such as suitcases, travel bags, wood, under beds, box springs, mattresses, linens, under and behind night stands, curtains, blinds, under and behind wall hangings, carpets, rugs, upholstery, wall and window treatments, bed frames, headboards, closets, dressers, seams, points where carpets and walls meet, moldings, and anywhere bed bugs harbor or their eggs may be found. Spray all surfaces, especially tufts, folds, edges, cracks and crevices. PROOF may cause damage or discolor certain surfaces and materials, including papers and soft plastics such as plexiglass, plastic varnishes, some flooring and finishes, frames, photographs, artwork, wallpaper and consumer electronics. Make small inconspicuous spot treatments to test all surfaces and fabrics for colorfastness, discoloration or damage before use. **Application Rates and Treatment Schedule:** Use approximately one ounce PROOF per 1.5 to 6 sq.ft. of surface area depending on material treated. For bed bug adults, nymphs and eggs, re-apply every 1 to 2 weeks or as needed. For ongoing control of bed bug eggs only, re-apply every 2 to 3 weeks or as needed.

**NOTICE:** Research and retesting have determined that the "Directions for Use" are appropriate for the proper use of this product under expected conditions. To the extent consistent with applicable law, user assumes responsibility for the lack of performance or safety if not used as directed.
