DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. **READ ENTIRE LABEL AND USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS FOR USE.**

Test & balance water prior to use. Adjust pH to 7.2-7.6. Visit cloroxpool.com for free water analysis & personalized product and dosage recommendations.

USE: Protects against algae and bacteria for water that stays clean, clear & free of visible algae.

APPLICATION METHODS

Always apply in dry form using a designated clean, dry plastic scoop.

Skimmer (recommended) Remove basket, add product through skimmer, operate filter and pump and do not back wash for at least 2-4 hours.

Directly to Water (white plaster only) Add product to deepest area of pool. Brush visible product until dissolved to avoid surface damage. Operate filter and pump for at least 2-4 hours.

DO NOT pre-dissolve this product before adding to skimmer or mix with any other products or chemicals.

Dosage per 10,000 gallons **When/How to Use (apply per above application methods)**

1 lb **To Reach 1-4 ppm at Start-Up**
Test and repeat application as needed to reach 1-4 ppm of chlorine.

2-4 oz **To Sanitize Daily or as needed**

1 lb **To Shock Weekly**

1 lb – Light algae **To Kill Algae**
2 lb – Heavy algae
1. Brush algae from pool surfaces.
2. Apply product per above application methods.
3. Repeat after 72 hours if needed.

FOR BEST RESULTS: Add more product after heavy rain, frequent backwashing, or partial drain/refill and shock weekly.

TO CLOSE POOL: Add 2 lb per 10,000 gallons per above application methods. Next add algaecide per closing directions. Visit cloroxpool.com for pool closing instructions.

Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Corrosive; Causes irreversible eye damage. Causes skin burns. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (safety glasses), protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID: IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.

STORAGE AND DISPOSAL:

Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Keep area ventilated until all fumes are gone. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PHYSICAL OR CHEMICAL HAZARDS: CONTAINS AN OXIDIZING AGENT: DO NOT mix with other products or chemicals. Never add water to product. Always add product in dry form directly to pool or pool skimmer. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire, and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood area with large volumes of water.

Tamper Evident Tear Strip

Tear away by using "ring pull" on either side of lid

To open the lid (after the tear strip is removed)
