XTRA BLUE™

CHLORINATING GRANULES

6 in 1 formula

- All-purpose sanitizer and shock
- Kills and prevents green and black pool algae
- Kills bacteria
- Removes organic contaminants for clear water
- Protected against sunlight to last longer
- Reduces chlorine odor and eye irritation

ACTIVE INGREDIENT:
Sodium dichloro-s-triazinetrione dihydrate.....99.0%
OTHER INGREDIENTS.....1.0%
TOTAL INGREDIENTS.....100.0%
Available Chlorine: 55%

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Test & balance water prior to use. Adjust pH to 7.2-7.6. Visit cloroxpool.com for free water analysis & personalized product and dosage recommendations.

USE: Protects against algae and bacteria for water that stays clean, clear & free of visible algae.

APPLICATION METHODS

Always apply in dry form using a designated clean, dry plastic scoop.

Directly to Pool Add product to deepest area of pool. Brush visible product until dissolved to avoid surface damage. Operate filter and pump for at least 2-4 hours.

Pre-Dissolve in Water (recommended for water under 70° F) Outdoors, in a clean plastic bucket add product to cool water stirring with a clean plastic or wooden spoon. NEVER add water to product. NEVER add more than 1 lb of this product to less than 3 gallons of cool water. Do not mix with other products when pre-dissolving.

Dosage per 10,000 gallons When/How to Use (apply per above application methods)

4 oz

To Reach 1-4 ppm at Start-Up

Test and repeat application as needed to reach 1-4 ppm of chlorine.

2-3 oz

To Sanitize Daily or as needed to maintain 1-4 ppm of chlorine.

1 lb

To Shock Weekly or if water is cloudy or green.

1 lb – Light algae
2 lb – Heavy algae

To Kill Algae

1. Brush algae from pool surfaces prior to use.
2. Apply product at night per above application methods.
3. Repeat after 24 hours if needed.

FOR BEST RESULTS: Use weekly and apply more product after heavy use, high temperatures, or rain.

TO CLOSE POOL: Add 1 lb per 10,000 gallons per above application methods. Next add algaecide per closing directions. Visit cloroxpool.com for pool closing instructions.

Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Corrosive; Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust or vapor. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.**

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.

STORAGE AND DISPOSAL:

Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

Tamper Evident Tear Strip

Tear away by using
“ring pull” on
either side of lid

To open the lid (after the tear strip is removed)
