SWIMMING POOL SANITIZER

This ready-to-use floater with flow-control ring and multi-action formula makes pool care easy. Simply adjust the ring to your pool size and place it in the pool for clean & crystal clear water for up to 1 month.

Each tablet contains a unique blend that provides sanitation, algae prevention, corrosion prevention, sunlight protection and water softening.

By using this product you: Spend less time applying products. Have less maintenance steps. Avoid handling chlorinating tablets.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Step 1: Test and balance water before using this product.

Adjust **pH** to 7.2-7.6, **stabilizer** to 30-40 ppm, and make sure the pool has a **chlorine residual** between 1-4 ppm.

Step 2: Adjust the adjustable ring to pool size:

• **S:** ≤ 7,500 gallons • **M:** ≤ 10,000 gallons • **L:** ≤ 13,000 gallons

Step 3: Place floater in pool and hold upright until it fills with water. Then leave to float.

Step 4: After 24 hrs, check the chlorine level to ensure 1-4 ppm is maintained.

If below 1 ppm, adjust the adjustable ring to a larger pool size.

If above 4 ppm, adjust the adjustable ring to a smaller pool size.

Step 5: Replace when the floater is empty.

Note: Hot weather, heavy pool usage or rain may require the adjustable ring to be adjusted to a larger pool size. Shock pool water weekly. During shock treatment, remove floater from pool and drain. Place floater in an empty, clean, dry plastic container in a location inaccessible to children and pets. Place floater back in pool when the process is completed. Do not completely submerge floater or allow holes to become clogged. This could trap an excess amount of chlorine gas possibly resulting in a violent explosion. Do not attempt to open or refill this product.

Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.

STORAGE AND DISPOSAL: Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. Rinse thoroughly before recycling or discarding in trash.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or fumes. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL OR CHEMICAL HAZARDS: CONTAINS A STRONG OXIDIZING AGENT. Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. When using automatic feeding devices, always follow manufacturer's directions as to the proper addition of sanitizer product to chlorinators. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood area with large volumes of water.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: User assumes all responsibility for use not in accordance with directions.

For Pools

ACTIVE INGREDIENT:
Trichloro-s-triazinetriene 94.05%
OTHER INGREDIENTS: 5.95%
TOTAL INGREDIENTS: 100.0%
(Available Chlorine: 84.65%)

KEEP OUT OF REACH OF CHILDREN

DANGER

See back panel for First Aid and additional Precautionary Statements.
