DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use strictly in accordance with precautionary statements and directions.

HOUSEHOLD DISINFECTION: Disinfects floors, walls and other hard nonporous surfaces including walls, floors, tables, chairs, counter tops, bathroom fixtures, sinks, shelves, racks, carts, refrigerators, coolers, glazed tile, linoleum, vinyl, glazed porcelain, plastic (such as polypropylene and polyethylene), stainless steel, or glass.

Where to Use: This product is a concentrated multi-purpose bleach tablet that can be used everyday around the house to remove stains, clean and deodorize. Use it in washing machines, toilets, on floors, on tiles, in bathtubs, in showers, in kitchen sinks and garbage cans and washing machines.

How to Use: Toilets: To clean and deodorize, add 1 TABLET into the toilet bowl. The tablet will fizz and dissolve, then use a brush to clean. Flush toilet before use. **Laundry:** For white and colorfast bleaching. **HE Machines: Regular Load: add 1 TABLET** to detergent dispenser. Close dispenser and start wash cycle. Standard Machines: Regular Load: Begin filling the washer with water. **Add 1 TABLET** into the water. Allow to dissolve for 1-2 minutes. Place clothes in washer and start wash cycle. **For extra whitening power use 2 TABLETS per regular load.** For extra large loads or heavily soiled clothing use **3 TABLETS.**

Other uses: For spas, pet areas, kennels, R/V holding tanks, outdoor uses*: driveway, fences, decks, patio, garage, siding, and patio furniture. *DO NOT use directly in pressure washers mix in garden sprayer.

Wipes out / Mops out most household germs including Staphylococcus aureus, Salmonella enterica, and Pseudomonas aeruginosa.

DISINFECTION: Add 1 tablet to 1 gallon of water. Clean surface then apply solution with mop, cloth, sponge, brush, foaming equipment or coarse trigger sprayer. Allow surface to remain wet for 10 minutes. Allow to air dry. Prepare a fresh solution weekly when using closed containers (spray bottles). Prepare a fresh solution daily when using open containers (buckets) or if solution becomes diluted. All treated equipment that will contact food, feed, or drinking water must be rinsed with potable water before reuse.

PHYSICAL OR CHEMICAL HAZARDS:

STRONG OXIDIZING AGENT: Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation or fire and explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER. Corrosive. Causes irreversible eye damage. Harmful if swallowed, inhaled, or absorbed through skin. Do not get in eyes, on skin, or clothing. Avoid breathing dust. Wear chemical-resistant gloves and safety glasses or face shield when making up solution. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> • Call a poison control center, or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
