

Pooltrine® 60, used regularly, will kill current algae blooms and prevent future algae growth. **Pooltrine® 60** is effective against most types of algae. It does not require pH adjustment to be effective and is ideal for winterizing pools.

This product kills algae and clears the water in your swimming pool without requiring pool closing and without foaming.

Compatible with bromine, chlorine, salt water, ozone, biguanide and minerals.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read all precautionary statements before use.

Visible Algae Growth: Add 16 fl. oz. of **Pooltrine® 60** per 10,000 gallons of pool water. For pools with visible algae growth, add an initial dose of 16 fl. oz. per 10,000 gallons of water and remove settled debris by cleaning.

Initial Clean Water Treatment: Add 9 fl. oz. of this product per 10,000 gallons of pool water.

Maintenance: Add 3 fl. oz. of this product per 10,000 gallons of pool water weekly.

Pools containing heavy algae growth must be cleaned prior to using **Pooltrine® 60**. It is necessary that a uniform distribution of this product be made throughout the water for maximum effectiveness. Apply this product directly to the pool water with the circulation system turned on. Allow ample time for product to be distributed before turning off the pump.

Important Note: Always apply chemicals separately. Never combine them. Do not mix this product with any other material.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID:

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eyes. Call poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
