BLACK ALGAE TREATMENT

- *For Treatment of Black Algae*
- *Slow Dissolving*

FIRST AID: Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth, if possible. **IF SWALLOWED:** Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

ACTIVE INGREDIENT:

Trichloro-s-triazinetrione..... 95.0%

OTHER INGREDIENTS..... 5.0%

TOTAL..... 100.0%

(85.0% Available Chlorine)

NET WT 10 LB (160 OZ) 4.53 Kg

KEEP OUT OF REACH OF CHILDREN

DANGER

See back panel for other precautions

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is a potent algaecide, which is effective against all algae when used as directed. It is especially effective against so-called "black" algae which appears as spots on the walls and bottom of pools.

1. Check pH of water. Adjust pH (if necessary) to a residual of 7.2 – 7.6 using a reliable test kit and AQUA GUARD™ pH UP (soda ash) or AQUA GUARD™ pH DOWN (dry pool acid).
2. Similarly, check available chlorine and adjust (if necessary) to a residual of 1.0 – 1.5 ppm using a dry or liquid chlorinating product (AQUA GUARD™ CHLORINATING LIQUID, AQUA GUARD™ ALL-IN-ONE CHLORINATING GRANULES, AQUA GUARD™ SHOCK QUICK or AQUA GUARD™ SUPER SHOCK QUICK).
3. Place one Tablespoon of AQUA GUARD™ BLACK ALGAE TREATMENT directly on the black spots (if on the pool bottom). If spots are on the pool walls, place a tablespoon of AQUA GUARD™ BLACK ALGAE TREATMENT on a 6" square cloth, tie and hang from the edge of the pool by the spot.
4. Wait 24 to 36 hours. Brush spots off with a wire algae brush and repeat steps 1 through 3 until algae free.

NOTE: Do not allow direct contact of this product on the following pool surfaces: vinyl, metallic, fiberglass, painted or colored plaster. Product will bleach color out.

Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or any other chemicals may start a chemical reaction with the generation of heat, liberation of hazardous gases and possible generation of fire and explosion.

PRECAUTIONARY STATEMENTS:
Hazards to humans and domestic animals

DANGER: CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mist. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARD: STRONG OXIDIZING AGENT. WILL BURN WITH THE EVOLUTION OF CHLORINE OR EQUALLY TOXIC GASES. CONTACT WITH WATER SLOWLY LIBERATES IRRITATING AND TOXIC HAZARDOUS CHLORINE CONTAINING GASES. DECOMPOSES AT 460°F TO 480°F WITH LIBERATION OF HARMFUL GASES. IN CASE OF FIRE, if possible isolate container in open air or well ventilated area. Flood with large volume of water. IN CASE OF CONTAMINATION OR DECOMPOSITION, do not reseal container.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage and disposal. **STORAGE:** Keep product in tightly closed container when not in use. Store in a cool, dry well-ventilated area away from heat or open flame. In case of decomposition, isolate container in open area if possible, and flood with large amounts of water. **CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. **IF EMPTY:** Place in trash or offer for recycling if available. **IF PARTLY FILLED:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
