DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE ONLY ACCORDING TO LABEL INSTRUCTIONS.**

WHEN TO USE

Apply when weeds are actively growing. For best results, apply on a sunny day when daytime temperature is at least 60°F. Apply only when the air is calm. Warm, sunny weather will speed up weed control. Reapply if it rains within 6 hours of application. Hard-to-control weeds (such as Bermudagrass) may require a repeat application, if they regrow.

HOW TO USE

Remove top cap. Tighten the built-in sprinkler applicator.

To use as an edger: Turn jug upside down. Walk slowly, holding jug 2-6 inches above the ground or weeds. Apply product to thoroughly cover unwanted vegetation. One gallon will cover a band 2 inches wide and 1200 ft long.

To control weeds in larger areas, such as brick or gravel walks and patios: Turn jug upside down. Hold jug about waist high to apply. Adjust the width of the spray pattern to cover weeds by raising or lowering the jug.

IMPORTANT

BASIC SOLUTIONS™ Liquid Edger is an all-purpose weed and grass killer which will kill almost all plants contacted. If necessary, use cardboard or plastic to shield desirable plants. If plants are accidentally sprayed, rinse off immediately with water.
