EPA Est. No. 11623-GA-1

Net Contents: 1/2 fl oz (14.8 ml)

**READ ENTIRE LABEL BEFORE EACH USE  
USE ONLY ON CATS OR DOGS.**

Adams™ Ear Mite Treatment offers relief for dogs and cats suffering from ear mites. Dogs & cats that have ear mites will typically shake their heads and scratch their ears frequently. Ear mites live in the ear canal of the animal and cause a brownish, waxy debris to be formed. Ear mites usually induce the formation of a dry, dark brown, waxy exudate with crusts in the ears of pets. Ear mites may be detected by placing some of the waxy debris on a dark surface and carefully watching for the movement of tiny white specks away from the debris. Inflamed, watery, or blocked ear canals indicate a more serious condition which requires the services of a veterinarian.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

**HUMANS:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with eyes. Wash hands with soap and water after using.

**ANIMALS:** Avoid contact with eyes. If in eyes, flush with water. Do not use on any meat or milk-producing animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**FIRST AID**

Call a poison control center or doctor immediately for treatment advice.

**IF SWALLOWED:**

- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**IF INHALED:**

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-234-2269 for emergency medical treatment information.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**To Kill Ear Mites**

Clean ears to remove built-up wax and dirt. While firmly holding pet, fill ear canal with labeled number of drops in each ear. Massage base of ear to insure insecticidal action penetrates ear wax. Gently dry ear with a cotton ball, soft cloth, or cotton swab. This product may be applied daily for 7 to 10 days. Repeat treatment in two weeks if necessary.

Body Weight	Dosage
< 15 lbs.	4-5 drops/day/ear
16-30 lbs.	5-10 drops/day/ear
> 30 lbs.	10-15 drops/day/ear

If conditions for which this preparation is used persist or if an irritation develops, discontinue use and consult a veterinarian.

Do not use on puppies or kittens less than 12 weeks. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medications.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool, dry area away from heat or open flame.

**DISPOSAL:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

In case of emergency or for product use information call 1-800-234-2269.
