HOME FLEA & TICK SPRAY

READ ENTIRE LABEL BEFORE EACH USE
DO NOT SPRAY ON PETS OR HUMANS

Bio Spot® Home Flea & Tick Spray contains a unique combination of ingredients that kills pre-adult fleas before they grow up to bite. It reaches fleas hidden in carpets, rugs, upholstery, and pet bedding. It prevents flea buildup in your home. One treatment gives continuous protection against pre-adult fleas for 7 months. Bio Spot® Home Flea & Tick Spray kills Fleas, Ticks, Bed Bugs, Roaches, Ants, Earwigs, and Silverfish. It leaves no bad smell, no sticky mess, no stains. Bio Spot® Home Flea & Tick Spray is designed for use on all fabrics and carpeting; however, some natural fibers (such as wool) and synthetics may be adversely affected by any liquid product - always test a hidden area prior to use. Lighter colored carpets may show some soiling after treatment. To help avoid soiling carpets, allow product to dry completely before walking on treated areas. To protect your pet against fleas outdoors use a Bio Spot® flea and tick collar, pet spray, pet topical, or pet shampoo.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PRECAUTIONS AND RESTRICTIONS

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds, and cover fish aquariums before spraying. Do not allow adults, children, or pets to enter the treated area until sprays have dried. Not for broadcast use on indoor residential surfaces. Do not contaminate food and foodstuffs. Do not use in the edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed, stored, or served.

DO NOT SPRAY ON PETS OR HUMANS. Shake well before using.

Fleas: Use Bio Spot® Home Flea & Tick Spray in homes, garages, attics, apartments, and hotels. One bottle will treat a surface area equivalent to approximately three 10' x 10' rooms. Apply as a uniform spray to kill fleas.

Avoid wetting furniture and carpeting. For maximum effectiveness, treat entire carpeted area. Treat carpets, rugs, drapes, and all surfaces of upholstered furniture. Remove old pet bedding and replace with clean fresh bedding after treatment of pet area. Retreat as necessary.

To kill ticks, roaches, silverfish, earwigs, and ants in the home, apply directly to pests.

Bed Bugs:

Thoroughly inspect areas of suspected bed bug infestation and note potential or actual sites where bed bugs hide.

Remove or pick up clothing and other obstacles that prevent thorough inspection or treatment. Remove and sanitize infested bedding, clothing, or other items. **Do not apply to bedding. Wash bedding and dry using medium to high heat to kill bed bugs.**

Apply Bio Spot® Home Flea & Tick Spray to areas where bed bugs live, especially hidden sites. Apply thoroughly as a spot, crack and crevice, or surface application. Focus applications to hidden sites such as behind dressers, cove base, under carpets and furniture, inside and on box springs, under beds, behind mirrors and pictures, and other locations where bed bugs hide.

Apply as a surface application to carpeting, drapes, and flooring at the rate of 1/4 fl oz / 3 ft² (about 8 pumps). Apply directly to mattress, **do not saturate the mattress**, focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.

STORAGE AND DISPOSAL: Pesticide Storage: Store in original container away from children. Protect from freezing or high temperatures. **Container Disposal:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION:

Harmful if absorbed through the skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If on skin or clothing • Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.

If inhaled • Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

If in eyes • Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-234-2269 for emergency medical treatment information.
