and the release of toxic gases.

• Store in a cool, dry, well-ventilated area.
Strong oxidizing agent. This product can increase fire intensity.

• Keep away from heat and from flame and burning material, including lighted cigarettes.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.

FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE "EMERGENCY HANDLING".

EMERGENCY HANDLING: In case of contamination or decomposition – Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

DANGER**

Contamination or improper use may cause fire, explosion, or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Only add this product directly to your swimming pool.

Read all Precautionary Statements on back panel before use.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

NET WEIGHT: 1 LB (454 G)

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

Adjust and maintain total alkalinity from 60 to 100 parts per million (ppm), pH from 7.2 to 7.6, and calcium hardness above 200 ppm. Always check and adjust total alkalinity before adjusting pH levels. Test frequently using a test kit or test strips that measures all of the above ranges. Follow label directions for each product and allow each product to dissolve and disperse before adding additional products to the pool.

HOW TO USE: Use entire contents of bag when opened.

DO NOT use in floater or feeder.

Add the recommended dosage of this product while the filter pump is running. When adding this product to your pool, broadcast the product evenly over a wide area in the deepest part of the pool. If any granules settle to the bottom of the pool, use brush to disperse until completely dissolved.

Test free available chlorine residual with a pool test kit or test strips. Do not enter pool until the free available chlorine residual is 1-4 ppm.

Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine for risk of bodily injury.

WHY YOU SHOULD USE THIS PRODUCT:

GLB® Sonic Blue™ Multipurpose Shock is an effective, multi-purpose shock product that works fast, destroys bacteria and algae, contains a filter aid, softens water, provides scale control and restores crystal clarity to pool water. It is convenient, easy to use, and won't over-stabilize your pool. And its unique color-change technology shows when it's working.

SHOCK TREATMENT / SUPER CHLORINATION:

As a preventative treatment, shock treat your pool once per week with GLB® Sonic Blue™ Multipurpose Shock. Additional shock treatments may be necessary to remedy problems which may occur when bathing loads are high, water appears hazy or dull, unpleasant odors or eye irritation occur, after heavy wind and rainstorms, or if algae does develop with resulting green color and slimy feeling.

Every 7 days, or as necessary to prevent pool problems, shock treat / superchlorinate the pool by adding 1 bag of this product per 13,500 gallons of water.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, absorbed through skin, or inhaled.

• Open in a well-ventilated area. Avoid breathing dust and fumes.

• Do not get in eyes, on skin, or on clothing.

Do not handle with bare hands. Wear protective eyewear and use rubber gloves. For additional protection of skin, wear long sleeves and long pants.

• Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

• Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:

If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not pre-mix or add water to this product. Only add this product directly to your swimming pool.

• Do not allow to become wet or damp before use.

Can react with other materials, including other water treatment products, to cause intense fire, explosion, and the release of toxic gases.

• Keep all foreign matter, including other water treatment products, away from this product.

• Do not use this product in a floater or feeder.

• Do not allow this product to contact other water treatment products.

Before placing this product in a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products.

Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion,
