GERMICIDAL DISINFECTANT WIPES

Hillyard Quick & Clean® Germicidal Disinfectant Wipes are intended for use in schools, health clubs, gyms, athletic facilities, airports, transportation terminals, grocery stores, shopping centers, delicatessens, catering facilities and banquet halls. Hillyard Quick & Clean® Germicidal Disinfectant Wipes will clean and disinfect hard, non-porous surfaces of: grocery cart handles, shopping carts, grocery cart child seats, changing tables, cabinets, chairs, computers, countertops, desks, desktops, doorknobs, fax machines, garbage cans, headsets, keyboards, rattings, seals, sinks, tables, tabletops, telephones, trashcans, gym equipment, exercise machines, wrestling mats, and gymnastic equipment. Use Hillyard Quick & Clean® Germicidal Disinfectant Wipes to clean and disinfect non-porous personal protective safety equipment, protective headgear, hard hats, half mask respirators, full face breathing apparatus, gas masks, goggles, spectacles, face shields, silicone rubber or PVC hearing protectors and vinyl covered ear muffs. Rinse all equipment that comes in prolonged contact with skin before reuse with clean warm water (about 120 degrees F), and allow to air dry. (Caution: Cleaning at the 120 degrees F temperature will avoid overheating and distortion of the personal safety equipment that would necessitate replacement.)
